Product category Lighting chains

Type Consumer

Product sp;

Brand Unknown

Product description "100 Miniature Lights" lighting chain with 100 pieces of small plug-in lamps. Type/number of model: -/MU-10004. The lighting chain consists of 100 pieces of lamps. In order to flash the lighting chain 3 bimetal lamps are used. Weight: approximately 0,21 kg Package.

Risk type Electric shock
Fire
Injuries

Risk description The voltage (120V, 220V) indicated on the package and also on the plug differs from the one used in Hungary (230V). The cross-sectional area of the twisted conductors of the cord between the connecting cords and the lamp holder is less than 0,1mm². The plug can be taken apart without using a tool. The connecting pins can be screwed off the plug by hand. The twisted conductors have been screwed on the pins of the plug. The wire connected to the lamp holder comes off the lamp holder under force of 14,2N. During the fire test and the needle flame test for 10 seconds on the material of the lamp holders the fire did not stop burning within 30 seconds and the falling fire drops burnt the paper placed underneath

the sample (distance: 200 mm+- 5 mm).

Product

Brand Unknown

Product description Luminary's series evaporating volatile oil (portable luminary) (versions of cover: glass bowl, fountain). The products made of glass, plastic or ceramics are portable luminaries used for evaporating volatile oil. Dimensions: 13 cm x 13 cm x 16 cm.

Risk type Electric shock

Risk description The live pins of halogen lamp inserted in the GX5,3 lamp holder are accessible by the standard test finger even in the completely plugged-in positions. The cover of the switch inserted into the cable can be removed by hand, thus the live parts also become accessible. The luminaries do not have

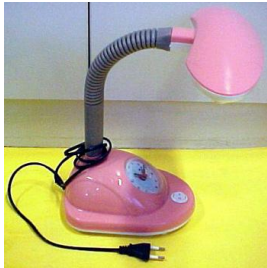

protection against water penetration; therefore their use for boiling water may have electric shock risk.

Country of origin People's Republic of China

Measures ordered by public authorities Other : Placing on the market prohibited and withdrawal from distribution ordered by the authorities.
