Product category	Toys
Type	Consumer
Product	
Brand	Unknown
Product description	Small clown (toy) Type/model: 1001.Description: The toy is made of plastic and is in the shape of a bear. There is a 'weight' incorporated in its lower part providing balance and allowing the toy to swing, upon which it emits jingling sounds. The toy is packed in a transparent cellophane bag.
Risk type	Injuries
Risk description	During the drop test the side of the toy broke and the base of the toy with the metal jingling mechanism separated from the toy. In the case of one sample, the base broke off along with small sharp plastic shards. The jingling mechanism is composed of a slightly rusted cast-iron base, into which slightly rusted steel wires are inserted.
Country of origin	Unknown
Measures taken by economic operators	Other : The retailer voluntarily informed consumers about the possibility to return the product and withdraw the product from the market. Other

Alert number 0024/06

Notifying country Hungary

Product category Lighting chains

Type Consumer

Product

Brand Unknown

Product description Lighting chains "Everstar" Type/model: 1. Lighting chain with 180 non replaceable miniature incandescent lamps, an 8-function flashing unit and a transformer (type: BL-24 V1200). 2. Lighting chain with 240 non replaceable miniature incandescent lamps and an 8-function flashing unit and a transform.

Risk type Electric shock

Risk description The indication on the transformer (indoor use only) is different from the one indicated on the packaging (offered for outdoor use). There is risk of electric shock due to the fact that water can get on the transformer not protected against ingress of water. Lighting chain is not provided with a plug protected against splashed water and is not suitable for permanent connection to the mains supply with wiring box (what is required for the outdoor use lightings). These products do not comply with the LVD Directive and the European Standards.
