Product category Lighting chains

Type Consumer

Product

Brand Unknown

Product description Lighting chain "UNISTAR" with 140 non-replaceable incandescent lamps and an 8-function flashing unit. Type/model: 8103T140S 140L

Risk type Electric shock

Risk description This product presents a risk of electric shock because: the cross section area of the core applied between the lamp holders and the mains cable is less than required, the inlet of the flashing unit is not rounded (thus the cable may get damaged), the cord anchorage is missing and the construction of the plug is non-standardized.

Country of origin Unknown

Measures ordered by public authorities Other : Placing of the product on the market was banned and recall was ordered by authority.

Alert number 0125/06

Notifying country Germany

Product category Hand tools

Type Consumer

Product

Brand Unknown

Product description Hammer with metal handle (aluminium tube) and black plastic grip "Crosspane hammer 270g"Type/model: 270 g, CK9/777700, EAN 8711295286353.

Risk type Injuries

Risk description The hammer head is made of cast iron (granular crystalline structure, soft and brittle) rather than the requisite grade steel. The hammer head is fastened onto the handle without a positive-fit locking device. The plastic grip breaks under normal strain, since the metal handle is only partly inserted (2.2-3.5 cm) and the handle easily becomes separated from the grip, since it is glued in with non-elastic adhesive.

Country of origin Unknown

Measures ordered by public authorities Other : Withdrawal from the market and destruction of the product ordered by authority.
Other

Product

Brand Unknown

Product description Picture light with fluorescent tube with the motive of "Madonna and child" and according to test report "Shepherd with flock".Description: The mirror lamp comprises a black plastic casing of diameter approx. 42cm and depth approx. 5 cm. It has a rim of width approx. 5 cm decorated with silver reflectors and red and green LED lights. There is a switch at the side operating a light behind the mirror. When the light is on the mirror becomes transparent and a figure appears behind it depicting a shepherd with his flock

Risk type Electric shock

Risk description Product presents a risk of electric shock for the reason of: inadequate anchoring, possibility of touching live components when attempting to change the bulb, lack of indication of the protection class, lack of CE marking. This product does not comply with the LVD Directive and the European Standards.

Country of origin Unknown

Measures ordered by public Other : Destruction of the product done by authority.
