

Alert number **[0220/06](#)**

Notifying country **United Kingdom**

Product category **Motor vehicles**

Type **Consumer**

Product ** **

Brand **Unknown**

Product description **Motorised 4 wheel 'quad' bike "Nemesis - Quatro Moto" (mini motorbike)Type/model: SS50 - 10.**

Risk type **Fire
Injuries**

Risk description **Due to various serious safety hazards, particularly regarding catching body parts/clothing in moving chain/sprocket, vapours from fuel tank and potential fire risk, product is extremely dangerous to operate from the rider' point of view and is likely to cause injury to him/her and to any other persons in the vicinity of the product. No user instruction manual supplied with the product. Being unaware of the fact the product has no differential and of the necessary handling characteristics makes the product unsafe to operate. Chain and sprocket is almost completely unguarded. Fuel tank is vented via the fuel cap, directly in front of the rider, causing a situation whereby the rider will inhale petrol fumes. There is also a potential fire hazard if the rider or anyone nearby is smoking near the tank cap during the venting process. The engine shut-off control does not have additional action to re-set after use. The product has no mechanical suspension adversely affecting the riders' control of the machine.**

Country of origin **People's Republic of China**

Measures ordered by public authorities

Other : Placing on the market has been suspended by the authority.
Other

Measures taken by economic operators

Other : Voluntary recall of the product from the market by the distributor.
