Product Michelin tyres in Jaguar passenger car

Brand Unknown

Product description Type/model: Michelin tyres mounted on 20-inch wheel rims (MICHELIN 255/35 ZR20 97Y EXTRA LOAD PILOT SPORT 1 SERIES) in type no. 3 Jaguar (commercial name Jaguar XJ8). The affected vehicles were manufactured between 2003 and the present date.

Risk type Injuries

Risk description The product poses a risk of traffic accident and injury due to a possible loss of pressure in Michelin tyres mounted on 20-inch wheel rims (MICHELIN 255/35 ZR20 97Y EXTRA LOAD PILOT SPORT 1 SERIES). The loss of tyre pressure may reduce the effectiveness of vehicle braking or steering. This may occur due to the partial separation of certain tyre wall components. The risk relates only to the tyres used in these vehicles and not to the design and production of the vehicle itself.

Product category	Toys
Type	Consumer
Product	'Supporter in a box'
Brand	Rising Star Products AS
Type / number of model	AV Code: 631339
Product description	Soft toy football supporter figure (~13cm in length) holding football (~2cm in diameter). Figure is in colours of relevant football club - toys usually come in team colours with team logos (obscured in these photos) on the doll and box. Figure supplied in open topped cardboard box (~5cm x 5cm x 4.5cm (width x depth x height)) with holes for figures legs and two lengths of string (~14cm each) on top front and back edges for carrying.
Risk type	Choking
Risk description	This product presents a risk of choking to children under 36 months due to presence of detachable parts (the football). Item is incorrectly marked on the cardboard box as "a gift intended for adults it is not intended for children due to small parts". A sewn in label on the toy carries the CE mark and the text "tested and approved for all ages". In the opinion of the test house, this item is a soft toy and should therefore be safe for children of all ages. This product does not comply with the

Toys Directive and the relevant European standard EN 71-1.

Product description Changing unit with bath "BREVI".Type/model: COD 577 FLIPPER.Description: Changing unit with bath and a basket for objects underneath. The label is marked: ART. 577. Modelo FLIPPER, color 028. Conforme AUX EXIGENCES DE SECURITÉ, 1. plegado ocupa el mínimo espacio. 2. puede ser superpuesto al bidé, along with manufacturer's details.

Risk type Injuries
Suffocation

Risk description his product poses a risk of suffocation and a child's fingers, extremities and head becoming trapped due to the dimensions of the accessible openings. In particular, the product contains the following non-compliances with the relevant standard EN 12221: - in access zone I (space within the baby's reach) there are openings accessible with a depth of more than 10 mm, into which a gauge of 5 mm diameter will fit contrary to 12 mm. This means that a child could insert a finger into these openings and get it trapped; - in access zone I there are openings accessible into which a cone of 65 mm diameter will fit, which means that there is a risk of the child's head, neck and torso becoming trapped; - in access

zone II (space beyond the baby's reach) the test head fits through completely, but test head 2 does not fit through completely; - the labelling is defective. As the product is intended for very small children (babies), it poses a serious risk.

Product Rubber animals with whistle "BABIE'S TOYS"

Brand Unknown

Type / number of model Unknown

Product description Four rubber animals with whistle (tiger, bear, shark and bird) packaged in a plastic bag.

Risk type Choking

Risk description This product poses a risk of choking because during the traction test, small pieces become detached (whistle) which fit into the small parts cylinder. As a child could easily detach the whistle, put it in its mouth and swallow it, the toy presents a risk of choking. Contrary to the indication affixed to the product, it is aimed at children under 3 years. The product does not comply with the Toys Directive and the relevant European standard EN 71-1.

Product Pump-it-up air yo-yo

Brand Unknown

Barcode 5794080 130492

Product description Package containing 5 yo-yo balls and a pump with a detachable syringe type hollow needle approximately 1 inch long.

Risk type Injuries

Risk description The product package contains a detachable syringe type hollow needle to screw into the end of a plunger action pump, its function being to penetrate the yo-yo ball within the thicker cord end to inflate the ball with air. Locating the syringe into the yo-yo ball requires care as it needs to be pushed firmly through the thickest part of the ball and can easily plunge through the other side and into fingers. The syringe needle can be regarded as a sharp point within the meaning of standard EN 71-1 and it presents an unreasonable risk of injury for children taking into account the foreseeable use of the toy. The product does not comply with the Toys Directive and the relevant European standard EN 71-1.
