Product category **Lighting equipment**

Type **Consumer**

Product **Bedside lamps**

Brand **Unknown**

Type / number of model **Unknown**

Risk type **Electric shock**

Risk description **These products pose a risk of electric shock because: - there is no cord anchorage, - live parts are accessible, - external conductors are accessible, - internal conductors touch metal parts, - electrical connections made by splices under non-fixed isolating couplers can touch accessible metallic parts. These products do not comply with the Low Voltage Directive and the Low Voltage Standards in eight points.**

Country of origin **Unknown**

Measures ordered by public authorities **Other : Withdrawal from the market ordered by the authority.

Notifying country **Slovakia**

Product category **Toys**

Type **Consumer**

Product **Set of squeaky rubber animals "SAFETY TOYS"**

Brand **Unknown**

Type / number of model **Unknown**

Risk type **Chemical  
Choking**

Risk description **The product poses a risk of: -choking because testing revealed that when the toys are pressed, the squeaking mechanisms located in the bottom section of the toys could be grasped and pulled out under a tensile force of 8 to 16 N which is significantly below the limit 90 N set in the standard. The separated squeaking mechanisms of the toys fit completely in the test cylinder for small parts. -chemical risk because the soft plastic contains more than 0.1 % by weight of di(2-ethylhexyl) phthalate (DEHP): -9.86 ± 0.46 % by weight in pink plastic; - 8.24 ± 0.42 % by weight in yellow plastic; -9.65 ± 0.47 % by weight in white plastic. The product does not comply with the Toys Directive and the relevant European standard EN 71-1.**

Country of origin **People's Republic of China**

Measures ordered by public authorities **Other : Compulsory measures taken by the authority.

Alert number **0664/06**

Notifying country **Czechia**

Product category **Childcare articles and children's equipment**

Type **Consumer**

Product **children's net playpen "Standard"**

Brand **Unknown**

Type / number of model **C-B 105 Standart, ozn. 2000 430**

Barcode **800 5549101050**

Risk type **Choking**

Risk description **The product contains 24,8% di(2ethylhexyl) phthalate DEHP. Childcare articles containing phthalates with higher concentration than 0,1%, may not be placed on the market. Phthalates have a negative effect on the development of male/female reproductive organs and are toxic for testicular cells. This product poses a risk of choking, because a label with a logo "CAM" is attached in a place which is accessible for children.**

**Elektro-Kettensäge  
Nr. 231-30, YELLOW GARDEN LINE 1840**  
Einschaltperre

Wir haben festgestellt, dass einige K-Kettensägen, die wir vom März 2005 bis September 2006 verkauft haben, einen Herstellungsfehler aufweisen. Der Fehler kann bewirken, dass die Säge wegen fehlender Einschaltperre unbeabsichtigt startet, was zu ernsthaften Verletzungen führen könnte.

**Falls Sie eine solche K-Kettensäge besitzen, stellen Sie diesen Gebrauch bitte umgehend ein.**

Bitte bringen Sie die Säge in eine unserer Filialen zurück. Sie erhalten einen kostenlosen Austausch oder Rückerstattung des vollen Kaufpreises. Sollten Sie Fragen haben, zögern Sie bitte nicht, sich mit uns unter der gebührenfreien Telefonnummer **0800 201123** in Verbindung zu setzen.

Wir bedauern etwaige Unannehmlichkeiten außerordentlich.

Notifying country **United Kingdom**

Product category **Motor vehicles**

Type **Consumer**

Product **Mini motorbikes**

Brand **Unknown**

EC-type approval/model **Unknown**

Product description **Unboxed mini motor bike in red colour.**

Risk type **Fire  
Injuries**

Risk description **The use of this machine is dangerous because: - the engine drive chain and rear sprocket are insufficiently guarded; - the fuel is vented via the filler cap directly in front of the rider which has health, machine control and fire hazard implications; - there are three extremely sharp-pointed plastic parts on the fairing and windshield facing the rider; - the steering mechanism excessively fouls the engine's coolant pipe; should this fail whilst the machine was being ridden, very hot water may be sprayed onto the rider; - when inverting the machine, an amount of fuel leaks from the vent; - there is no speed limiting device; - the handlebar levers are not ball ended and the outer handlebars are misaligned; - the engine stop has no additional action to reset and the throttle control does not self-close; - no user manual is supplied with the machine.**

Notifying country **Greece**

Product category **Decorative articles**

Type **Consumer**

Product **“Dekor Candles”**

Brand **Unknown**

Type / number of model **AT670**

Product description **Decorative candle with dried flowers**

Risk type **Burns  
Fire**

Risk description **The product poses a risk of burns and fire because during combustion of the candle, the dried flowers incorporated in the candle catch fire and a particularly powerful flame reaches a height of approximately 10cm, resulting in a total destruction of the candle. Given the flame intensity, it is likely that burns may be caused. Under certain conditions, a fire can also be generated in closed spaces due to the powerful flame.**

Country of origin **Greece**

Product **DVD player "DVD+"**

Brand **Unknown**

Type / number of model **DVD-026**

Barcode **6 416485 142816**

Risk type **Electric shock**

Risk description **The product poses a risk of electric shock because there is not sufficient insulation in the mains transformer between the primary winding (connected to the mains) and the secondary winding (connected to the accessible output terminals of the product). The product does not comply with the Low Voltage Directive and the relevant European standard EN 60065.**
