Type	Consumer
Product	Debut Cayman Multiplay Gym
Brand	Unknown
Product description	Category: Children’s equipment Product: Debut Cayman Multiplay Gym Brand: Debut Type/number of model: Argos identifier 366/7347
Risk type	Injuries
Risk description	Child could fall as result of failure of the rings retaining the swing ropes to the frame. The rings attaching the swing ropes to the tubular steel frame were made from an inadequate grade of plastic, resulting in failure in use. Similar plastic were used in swing seats which also were found to fail, however as the rope passes under the seat child would not be allowed to fall in the event of swing seat failure. 11 incidents on loop, 8 on seat. Reported injuries include grazes, abrasions, cuts, sprained wrist.

Type Consumer

Product Bicycle for children

Brand Unknown

Product description Category: ToysProduct: Bicycle for childrenBrand: WheelieType/number of model: 2500011

Risk type Injuries

Risk description This product poses a risk of injuries to children because: - surfaces and accessible edges contain splinters; - the protective plastic components of the tube under the saddle easily can be detached; - edges of the metal tube are sharp; - screw ending under the saddle is unprotected; - the bicycle is not sufficiently stable (the toy tipped over during the stability test); - plastic sheeting of the stickers, detached during the tension test, fitted within the small parts cylinder. The product does not comply with the Toys Directive and the relevant European standard EN 71-1.

Risk type Chemical
Choking

Risk description The product poses a risk of choking because figures broke when tested according to drop test and impact test. Small parts came off from broken figures and these parts fitted entirely into small parts cylinder. The product poses a chemical risk because migration of lead (Pb) was 460 mg/kg and migration of chromium (Cr) was 90 mg/kg. These results are from the paint of the pig-figure. The product does not comply with the Toys Directive and the relevant European standards EN 71-1 and EN 71-3.

Product Magic Night Light

Brand Unknown

Product description Category: Lighting equipment Product: Magic Night Light Brand: Dr Light Ltd - Magic Light Type/number of model: JY003-01 - 3 pin plug night light (European 2 pin plug night light is not covered by this notification.)

Risk type Electric shock

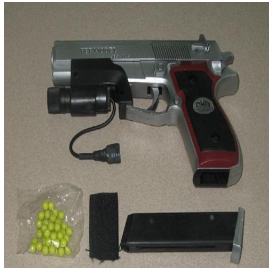

Risk description This product poses a serious risk of electric shock because there is insufficient distance between the live and neutral pins and the plug periphery. In addition, the fuse link is below standard dimensional requirements. To ensure effective operation of the fuse link, standard BS 1363 requires the fuse link to be mounted between the line termination and corresponding plug pin. In this case, the fuse link is mounted after the lamp and the switch and actually connected to the neutral termination and the corresponding plug pin. Therefore, in the event of a fault within the product the fuse link may not operate thereby removing the intended over-current protection, which could result in an electric shock. This product does not comply with the national standard BS 1363

Product 5-meter cable reel

Brand Unknown

Product description Category: Electrical appliances
Product: 5-meter cable reel
Brand: RAYDAN
Type/number of model: Model 09273

Risk type Electric shock

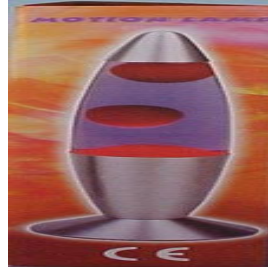

Risk description The product poses a risk of electric shock because it contains the following non-compliances with the relevant safety standard: - the product overheats under overload conditions, as it exceeds by more than 25 K the limit value 45 K; - the product does not meet the requirements for cables and their connection, as the reel does not have a cable anchoring system to relieve stresses on the conductors; - the plug does not conform to Spanish regulations; - the product does not bear the required marking, including maximum load in watts which can be connected to the sockets, an indication in volts when the cable is fully rolled and when completely extended, and the warning not to exceed the maximum permissible load. The products do not comply with the Low Voltage Directive and the relevant European standard EN 61242.
