Notifying country Slovakia

Product category Lighting equipment

 Type Consumer

 Product Christmas lighting chain

 Brand Unknown

Type / number of model 1) 50 MINIATURE LIGHTS; 2) 100 MINIATURE LIGHTS (JUEGO DE LUCES DE NAVIDAD)

Risk type	Electric shock Fire
Risk description	There is a risk of electric shock and fire because the cross-sectional area and length of conductors as well as size of the plug outlet are not in compliance with Article 5 of standard EN 60598. As the parameters of the conductors do not comply with the European standard (they are thinner as laid down), there is a risk that during the use of the product the conductors can overheat and cause an electric shock. The bulb sockets are not made from self-extinguished material and fail to stand the needle flame test based on Article 13 of standard EN 60598. Therefore, there is a danger of spread of fire and electric shock in certain circumstances. This product does not comply with the Low Voltage Directive and the relevant European standard EN 60598.
Country of origin	Unknown
Measures ordered by public authorities	Other : Sales ban and recall from consumers ordered by the authority. Other
