Product Motorcycle - KTM 990 Super Duke (front brake pads)

Brand KTM

EC-type approval/model KTM motorcycles, model 990 Super Duke 2006. The brake pads, which need to be replaced, have one of the following markings on the rear side: H5Z, J5H, K5G, L5X, L5S.

Product description 2006 model year motorcycles built until 15 May 2006

Risk type Injuries

Risk description The product poses a risk of injuries because in isolated cases on bikes equipped with Hawk brake pads mounted in the Brembo front brake system, the backing plate becomes de-bonded from the friction plate due to corrosion. This can cause of an accident due to reduction of the braking ability of the vehicle.

Product Passenger car - Honda Jazz, Accord, FR-V

Brand Honda

EC-type approval/model - Honda Accord: CL7, CL9, CM1, CM2, - Honda Jazz: GD1, GD5, - Honda FR-V: BE1, BE3

Product description The affected vehicles were produced in 2005. Affected vehicles bear the following VIN numbers:- Accord CL7: JHMCL76405C208753 to JHMCL76405C210396, - Accord CL9: JHMCL96805C210498 to JHMCL96805C212382,- Accord CM1 : JHMCM17105C201819 to JHMCM17505C201922,- Accord CM2 : JHMCM28805C200648 to JHMCM27305C200772,- Jazz GD1: JHMGD17905S252226 to JHMGD17705S261995, -Jazz GD5 : JHMGD57305S222689 to JHMGD57305S226501,- FR-V BE1 : JHMBE17405S204919 to JHMBE17405S205389,- FR-V BE3: JHMBE37805S206689 to JHMBE37805S207085

Risk type Injuries

Risk description The product poses a risk of injuries because, due to malfunction of the transmitter used in the fuel system to feed the fuel into the fuel pump, there is possibility of disconnection in the transmitter's coil arrangement. That may affect at stopping the engine. A sudden interruption of the engine's working can be dangerous and lead to a traffic

accident.

Product category	Toys
Type	Consumer
Product	Flyer - collection set
Brand	HAPPY CHILDHOOD
Type / number of model	Type: 17128-8103N
Product description	The toy is made from PVC with the length of about 18 cm. It comprises the flyer of orange colour with the string and 8 varicoloured parts to be inserted into the flyer. It is sold in a plastic net with a plastic fastener and a carton label attached to the net.
Risk type	Choking
Risk description	This toy poses a risk of choking because the plastic fastener is composed from two parts, which can easily detach and which fit into the small part cylinder. In addition, the toy does not comply with the labelling requirements as it does not indicate the age of the intended users. This toy does not comply with the Toys Directive and the relevant European standard EN 71-1.
Country of origin	People's Republic of China
Measures taken by	Other : Voluntary stop of sales, withdrawal from the market,

Soother

Brand

REMOND

Type / number of model

Ref. 17203, bar code: 3167670172035

Product description

Rubber and plastic soother, sold packed in pairs. The plastic part is white coloured, with the picture of a yellow rabbit on it. On the back side of the package the following warning is written (in French, English and German): 'Before first use place the pacifier in boiling water for 5 minutes. Clean before each use. Inspect carefully before each use. Throw away at the first signs of damage or weakness. Never attach free ribbons or cords to a pacifier'.

Risk type

Suffocation

Risk description

During the tests, when the teat was pulled versus the knob along the major axis, the teat detached at less than 50N force (minimum limit 90N). The teat can insert in the baby's oesophagus, causing suffocation to baby. This product does not comply with the European standard EN 1400 on soothers.

Product Hair-care product (hair cream for men with thinning of hair)

Brand PROCEDE

Type / number of model Activating Formula #1, 54 ml/1.8FL. OZ. and Balancing Formula #2, 54 ml/1.8FL. OZ.

Product description Two white plastic bottles into white cartoon package (dimensions of package 13 x 7,5 x 4,5 cm). On the front side of package is written: "Just One Application Every 90 Days - For Fine and Thinning hair".

Risk type Chemical

Risk description The concentration of thioglycolic acid of the product, as it is mentioned in the formula in the Safety Data Sheet that manufacturer provided, is significantly higher (24%) than the maximum authorized concentration in cosmetic products (8% for hair waving or straightening products for general use by consumers or 2% for other hair care products, as is the case of this product). This may cause injuries when applied on the scalp. One sample of the product was tested according to iodometric Directive 83/514/EEC method and found to contain 13.2% thioglycolic acid. In addition, this product does not contain the following data: - the warning "contains thioglycolate", - the telephone number of National Poisons

Centre, and - the expiry date. One incident where the user experienced a total hair loss has been reported.

Product Wooden Train

Brand Ackerman Group Plc.

Type / number of model D65774 - bar code 5 021947 657749

Product description Painted brown wooden toy train with bright red, yellow, blue, green and orange activity rings. Packaging was wrapped with white label.

Risk type Choking

Risk description The product was labelled as not suitable for children under 3 years because of small parts, however, in the opinion of the British authority, the product is only intended for children that are under 3 years of age. Therefore, the product did not comply with the requirements of the Toys standard because small elements (small red nose cone, black chimney, one wheel and one wheel with axle) were detached during the tension test and they fitted within the small parts cylinder. Children may put small elements into mouth and choke. This product does not comply with the Toys Directive and the relevant European standard EN 71-1.

Product Glass ceramic hob with two induction plates

Brand Bosch, Siemens, Neff, Constructa, Balay, Lynx

Type / number of model The problem concerns specific glass ceramic hobs which have been marketed in Germany since 1 January 2006 under the BOSCH, SIEMENS, NEFF and CONSTRUCTA brands and in Spain since September 2006 under the BALAY or LYNX brands.

Product description Glass ceramic hobs, which are 60 cm wide, consisting of two electrical plates and two induction plates. The appliances in question have numbers at the top left-hand corner or at the left-hand side of the glass. Only appliances with particular manufacturing data and corresponding identification numbers (E numbers) are affected. Information on the appliances can be found on the Internet at www.service-management-web.com.

Risk type Fire

Risk description This product poses a risk of fire because an electronic supplier component can fail in certain circumstances, with the result that the two electrical cooking zones at the back can switch on of their own accord. Objects sitting on the hob can ignite without the user's knowledge and cause a fire. This product does not comply with the Low Voltage Directive.
