Notifying country	Latvia
Product category	Toys
Type	Consumer
Product	Soft toy - Elk
Brand	Paul
Type / number of model	Art. No 5210; bar code 4026272052109
Product description	The body of the toy is made of brown textile. The shawl (around the toy's neck) is made of textile and the endings of the shawl are embroidered with green threads. The nose of the toy is made of black textile. The eyes are made of white plastic and the surface of the eyes are coloured in black and yellow. The horns of the elk are made of brown textile. The mouth and feet are embroidered with black threads. A metallic bell coloured in gold is fixed to the horns. Between the horns is sewed a loop made of brown textile. The toy has a label which is fixed to the ear. The toy's maximal dimension is 400 mm.
Risk type	Choking Injuries
Risk description	This toy poses a serious risk of: - injuries because different parts of the product contain metallic wire with sharp endings which can scratch the skin, make lacerated wounds and in worst cases cause eye damage; - choking because children may easily detach small details (bell and plastic fastening)

which can fit completely into the small parts cylinder and they can put them into their mouth. This product does not comply with the Toys Directive and the relevant European standard EN 71-1.

Product	Passenger car YARIS (front/rear seat headrest and front seat side airbag)
Brand	TOYOTA
EC-type approval/model	Model code: KSP90, NLP90 and SCP90; WMI: VNK; VDS and VIS: JG9#3# and 0A002425-0A032787, KG9#3# and 0A001018-0A032844, JC9#3# and 0A008629-0A046881, KC9#3# and 0A001024-0A046882, JL9#3# and 0A013738-0A090052, KL9#3# and 0A001022-0A090056.
Product description	The affected vehicles were produced from 4 November 2005 through 31 July 2006.
Risk type	Injuries
Risk description	In certain products, possible seat defects have been discovered during product quality tests. Namely: - front seat side airbag: the reliability of side airbag deployment on the front seats is insufficient. In the worst case, the side airbag may not offer the expected protection; - front/rear seat headrest: there is a possibility that the locking performance of the headrest support is insufficient. In some cases this may lead to the headrest coming loose from the locking position during impact. In the worst case it may result in ejection of the headrest from the back seat.

Z10 Series

Z10 LPG Boat

Notifying country	United Kingdom
Product category	Protective equipment
Type	Consumer
Product	Flammable gas monitoring and control device - Z10 series
Brand	SF Detection (by Honeywell Analytics)
Type / number of model	Z10EAC0N Z10a Z10 110-230V AC Natural Gas, Z10EAC0P Z10d Z10 110-230V AC LPG, Z10EDC0P Z10e Z10 12/24DC LPG, Z10EDC1P Z10b Z10 Boat Unit Single LPG Sensor, Z10EDC1P-P Z10b Z10 Boat Unit Single LPG Sensor, Z10EDC2P Z10c Z10 Boat Unit Twin LPG Sensor, Z10EDC2P-P Z10c Z10 Boat Unit Twin LPG Sensor
Product description	Affected products were manufactured between March 2005 and September 2006. The Z10 series of flammable gas detectors are intended to provide warning of a leak of flammable gas. Various models are available to cover both Natural & Liquid Petroleum Gas (LPG); ac mains and low voltage dc power supplies; internal or remote sensors; with applications in domestic homes, caravans, boats, etc. They are designed to meet the requirements of the European Standard for domestic gas alarms (EN50194) and give alarms providing early warning of a potential flammable gas hazard.
Risk type	Injuries
Risk description	This product poses a risk of explosion and injuries because Z10 detector's sensitivity to gas can reduce over time. In

some instances the reduction may be sufficient that, in the event of a gas leak, the detector might not give any warning before a hazardous (explosive) gas mixture builds up. This product does not comply with the Low Voltage Directive and the relevant European standard EN 50194.

Product Candle holder - Time Channel

Brand Unknown

Type / number of model C-2233

Product description Two glass arches held together by 7 glass tea light candleholders. White cardboard box containing a large and small candleholder. This notification concerns only the large glass candle holder.

Risk type Burns
Fire

Risk description This product poses a risk of overheating and possible breaking of the glass holder. Due to the design/position of candles, convection current causes the heat towards the apex of the holder. This increases the likelihood of overheating and igniting the upper tealight. One sample broke with shards being ejected.

Product Key ring in the form of a stuffed fabric soft toy animal (tiger, dog, mouse, cow or pig)

Brand S.T.C.

Type / number of model Article reference: 2474, cod : 3700276214282

Product description This product is less than 150 mm high. Label stitched to the animal states: «Ce produit ne convient pas aux enfants de moins de 36 mois en raison de pièces détachables susceptibles d'être avalées» (this product is not suitable for children aged under 36 months because it contains detachable parts which may be swallowed).

Risk type Choking

Risk description This product poses a risk of choking because during the tests small parts detached when a force of less than 90 N was applied. Children may put these detached small elements into their mouth and choke. This product does not comply with the Toys Directive and the relevant European standard EN 71-1. The key ring element of this article is not in itself sufficient to enable it to be distinguished from other soft stuffed toys normally intended for children under 36 months.

Product Bicycle brake set - Force Road Brake Caliper Sets

Brand SRAM

EC-type approval/model All models of SRAM Force Road Brake Caliper Sets, produced until 31 December 2006. If there is a date code, it is embossed on the back of the brake caliper.

Product description The SRAM brake calipers may have been installed on the following makes and models of bicycles: Specialized (S-Works Tarmac SL, S-Works Roubaix), Trek (Project One Madone models), Fuji (Fuji SL1), Scott USA (Addict R3), Bianchi (Bianchi 928 SL), Kuota (Kuota KOM, Kuota KREDO, Kuota KEBEL), Orbea (Orca, Aqua, Loboular, Opal, Arin, Aqua Dama, Dama Race and Diva), Kestrel (Evoke SL/Force, RT700/Force), Titus (Vuelo, Solera) and Sampson (Diablo)

Risk type Injuries

Risk description This product poses a serious risk of injuries because some of the affected brake calipers may have been manufactured with a faulty mounting bolt, which can break. If it breaks, the brake caliper could detach from the fork or frame, and the rider could lose control of the bike and fall.
