Product category	Electrical appliances and equipment
Type	Consumer
Product	Table lamp
Brand	VIDAL
Type / number of model	Ref: 0250782
Product description	The lamp has a structure of black metal, sides made of plastic material decorated with "ethnic" motifs, and is finished off with a brown cord. Text is printed on and die-cut into the flex, plug and switch. The packaging is a blue and yellow cardboard box bearing the following text: "Vidal, table lamp with bulb (19749), ref 0250782. CE".
Risk type	Electric shock
Risk description	The product represents a serious risk of electric shock given that the sharp edges over which the flex passes may abrade the insulating sheath of the flex, and that the luminaire is not fitted with a sleeve made of resistant and insulating material. Furthermore, the safety instructions that would ensure safe use are absent. This product does not comply with the Low Voltage Directive and the relevant European standard EN 60598.

Alert number 0802/07

Notifying country	Germany
Product category	Electrical appliances and equipment
Type	Consumer
Product	Remote-controlled light dimmer, remote-controlled socket
Brand	Kangtai
Type / number of model	Art. No 6899 B
Product description	The test piece is a remote-controlled light dimmer set, consisting of a remote-controlled light dimmer and a remote-control device. Input voltage, output: 230 V AC 50/60 Hz, 300 W CE mark: present GS mark: present, ETS (on packaging).
Risk type	Electric shock Fire
Risk description	This product poses a risk of electric shock because: - all four remote-controlled dimmers measured had, as supplied, an excessively wide gap between the earth contacts (between 29.4 mm and 30.7 mm). If this gap is too wide, a safe contact between connected appliances and the protective conductor is not ensured; - there is no indication of rated current. This product poses a risk of fire because when a test current of 20 amperes was connected to a product for the load test, there was an increase in temperature of more than 56°K. A short-circuit occurred on the printed-circuit board. This product does not comply with the Low Voltage Directive and the R&TTE Directive.

Product category	Motor vehicles
Type	Consumer
Product	Passenger car - shift cable clip in Suzuki vehicles
Brand	Suzuki
EC-type approval/model	Passengers car Suzuki Aerio/Liana (RH413/RH416/RH418/RH420/RH423)
Product description	The recall concerns vehicles, equipped with 1.3 and 1.6 engines, produced from 1 January 2001 to 5 January 2006 (2002 to 2006 model year) at KOSAI factory in Japan. The chassis numbers of the affected vehicles are from JSAERC11S00100525 to JSAERC11S00302344 (1.3 5D), from JSAERC31S00103151 to JSAERC31S00308988 (1.6 5D), from JSAERD31S00100418 to JSAERD31S00303670 (1.6 5D 4x4), from JSAERA11S00100004 to JSAERA11S00200827 (1.3 4D) and from JSAERA31S00100034 to JSAERA11S00300244 (1.6 4D).
Risk type	Injuries
Risk description	The affected vehicles are equipped with the gasoline engine and 5 speed manual transmission. Due to an improper shape of the shift cable clip that keeps the gearshift cable attached to the gearshift lever, the shift cable clip can contact the gearshift lever housing if excessive lateral force is applied when shifting to first gear. Repeated shifting in this manner can eventually cause the shift cable clip to break. If the shift cable clip breaks, the gearshift cable can become disconnected from gearshift control lever, resulting in loss of the ability to change transmission gears.

Product Candles in the form of fruit

Brand Unknown

Type / number of model Ref: 166583, Bar code: 166586001665

Product description Candles in the form of different fruits: apples, oranges, lemons and peaches. They are packed in rigid transparent plastic boxes, each of which holds two candles. The label presents the following data: the importer's name, CE marking, reference, bar code and Made in China.

Risk type Choking

Risk description This product poses a serious risk of choking because it may mislead consumers since, given their shape, colour, appearance and size, consumers and particularly children may confuse them for food. If a consumer were to try and eat one of these candles, he might choke or his digestive tract might become blocked.
