

Alert number **1028/07**

Notifying country	Germany
Product category	Electrical appliances and equipment
Type	Consumer
Product	Clothes dryer - Condensation dryer.
Brand	Hanseatic and Viking.
Type / number of model	C 280, C 290, C 295, K 20, K 251 and K 351.
Product description	Clothes dryer: Make Typ Art. No: - Hanseatic C 280 655 932,- Hanseatic C 290 450 305, 591 329 and 655 940,- Hanseatic C 295 377 756,- Hanseatic K 20 254 847, 288 306, 459 584, 775 810, 288 435 (including washer/dryer TL 1200 S and K 20), - Hanseatic K 251 440 365 and 741 829,- Hanseatic K 351 255 004,- Viking C 280 332 580,- Viking C 290 332 896.
Risk type	Fire
Risk description	The product poses a risk of fire because in condenser driers there is always the possibility of large amounts of fluff accumulating and starting to smoulder. This is quite normal in a condenser drier. The problem in this case is a plastic grid not made of fire-resistant material which is fitted behind the condenser in the air current before the heater to prevent users from putting their hands in. It has been established that smouldering or burning fluff can cause this plastic grid to catch fire. The fire can subsequently spread to the drier and then even to the surrounding area. Four incidents have been reported. The product does not comply with the Low Voltage Directive.

Product category	Lighting chains
Type	Consumer
Product	Lighting chain - 100 Luz de Navidad.
Brand	Unknown.
Type / number of model	Ref. 7990003.
Product description	Christmas lighting chain with 140 coloured bulbs. The packaging is a red cardboard box with Christmas decoration and the statements: "Low energy light. Indoors/Outdoors. Flashing or continuous. Spare light included".
Risk type	Electric shock
Risk description	The product poses a risk of electric shock because: - the sample does not pass the electric strength test corresponding to Class II, - there is no reference indicating the kind of bulbs, - absence on the bulb holder, cable or a label attached to the cable of any origin mark, class II symbol, markings of the degree of protection against dust and damp or warning that the lights can be used indoors only, voltage and power of replacement bulbs and to use only replacement bulbs of the same time as those supplied with the light chain. - the terminals do not pass the test for the efficiency of permanent connections, - the cable incorporated in the chain has characteristics inferior to those of the standard cable specified in the standard and the nominal section of the conductors, at 0.07 mm², is less than the 0.50 mm² required by the standard, - the cable does not pass the tensile test, - the power plug does not

comply with standard and the length of the cable between the plug and the first bulb, at 0.70 metres, is less than the 1.50 metres required by the standard, - it is not protected against the conditions of damp which may arise in normal use, - it does not pass the electrical rigidity test and the test for not exceeding the ball pressure. The product does not comply with the Low Voltage Directive and the European standard EN 60598.

Cord extension set with switch.

Brand

LUCERNA.

Type / number of model

Model: FK 3-7m, art. nr: OY-2111x7 4FA, EAN: 8590849370102.

Product description

The product is packed in transparent plastic bag enclosed by paper label on which there are the name of the product in more foreign languages, trademark „LUCERNA“, model, art. no., EAN code, CE mark and data on distributors and manufacturer. On the typical label there are data: 10-16V, ~250V, max. 3500W, CE mark, trademark „LUCERNA“ and warning - „do not intervene in a connection!“ Data on cable: H05VV-F, 3G, 1,00mm².

Risk type

**Electric shock
Fire**

Risk description

The product poses a risk of: (i) fire because: - isolating material is not resistance towards excessive heat, fire and crawling currents, - flexible cable can not be disjoined from attachment without getting permanently useless (during testing flexible cable shall be able to be disjoined), - flexible cable has insufficient diameter (0.86 mm²). When testing with burning wire the flame has occurred. The flame lasted longer than 30 s after the burning wire has been removed. (ii) electric shock because: - under specific circumstances the isolation of the product can be damaged. Material which the product is made of has insufficient isolating attributes. - dimensions of the plug is incorrect, -

marking is incorrect. This product does not comply with the Low Voltage Directive and the relevant standards.

Radio-controlled toy car with remote control.

Brand

BEI TIAN.

Type / number of model

BT-22528-3, BT-22528-4

Product description

The package of the product contains a plastic toy car with a control frequency of 27 MHz, (labelling on the product "HUMP KILLER UNSF-528", number plate: BT-22528-3 or "TRAMP OVER HILL AND DALE JUPER BT-528, number plate: BT-22528-4), operated by batteries, a battery charger (model No.: KW3307 AC 220-240V; 7,5V; 250 mA Class II), a remote control ("RADIO CONTROL BT RADIO CONTROL SYSTEM"), 4 batteries ("Ni-Cd JN 1,2V AA500mAh" or Ni-Cd 1,2V AA700mAh"), and a dry battery of 9V 6LR61. Size: L: 21 cm x W: 15 cm x H: 12 cm.

Risk type

**Burns
Electric shock
Fire**

Risk description

The product poses a risk of : (i) electric shock because: - the plug of the battery charger is non-standardized, therefore the live pins are accessible when connecting to the power supply, - the cover of the battery charger can be removed without using a tool which may entail the accessibility of live parts, - the age symbol (8 years), certain safety instructions of the battery charger and warnings are missing. (ii) burns and fire since the batteries can be charged in the toy car, they are removable without using a tool and interchangeable with the dry battery. The

contacts of the battery holder of the remote control can be short-circuited, the insulation of the wires in the toy car can get damaged. The product does not comply with the Low Voltage Directive and relevant European standards EN-60335 and EN-50088.

Product **Soldering iron.**

Brand **White rocks.**

Type / number of model **Item 1.4013, EAN 4250107842386.**

Product description **Beige-coloured soldering iron in blister pack.**

Risk type **Electric shock**

Risk description **The product poses a risk of electric shock because: - it has no strain relief fitting, - conductors inside housing are not adequately connected, - connecting leads are only twisted into place, - conductors did not pass the resistance test, - it did not pass the voltage stability test, - certain safety instructions of the soldering iron and markings are missing. The product does not comply with the Low Voltage Directive and relevant European standards EN-60335 and EN-50088.**

Country of origin **People's Republic of China**

Measures taken by economic operators **Other : Voluntary withdrawal from the market recall from consumers by importer.

Product **Wooden toys - Racing car with wind-up mechanism.**

Brand **Spiegelburg.**

Type / number of model **Article No 20139; EAN 4029753201393.**

Product description **Blue painted wooden toy car with wooden driver's head attached to the top (size approx. 7 x 4 x 6 cm); winding-up mechanism, metal axles, 4 white plastic wheels, 4 small soft black plastic tyres.**

Risk type **Chemical**

Risk description **This toy poses a chemical risk because it contains 7,8 % by weight of Di(2-ethylhexyl)phthalate (DEHP), which exceeds the maximum allowed limit of 0,1 % by weight. The product poses a serious risk for a health of a child. This product does not comply with the Chemicals Restrictions Directive 76/769/EEC and the relevant European standard EN 71-1.**

Country of origin **People's Republic of China**

Notifying country	United Kingdom
Product category	Hobby/sports equipment
Type	Consumer
Product	In Line Skates - Gasoline Skating Shoes.
Brand	Marked with logo that resembles "FLY".
Type / number of model	Unknown.
Product description	Pair of in line skates (roller blades) right skate has a two stroke motor attached to rear with driving wheel (hand throttle).
Risk type	Fire Injuries
Risk description	This product poses a risk of: (i) injuries because: - the braking arrangements do not meet the requirements for independent and easily accessible controls for slowing down and stopping, - the guarding arrangements for the drive gears are not located at an adequate distance from the danger zone and fingers can easily reach the gear infeed points, - the incorrect wiring of the stop control means that there is no normal means of stopping the engine, - the risk of break up during operation, - the drag brake mounting clip failed test, - the inner end of the control cable sheath is not secured and the stop wires are very vulnerable to damage. (ii) fire because the fuel tank is the first point of contact in a fall and is going to be damaged leading to fuel leaks and fire risk.
Country of origin	People's Republic of China

Product **Electric instantaneous water heater.**

Brand **PRESLAVA.**

Type / number of model **MT-1.**

Product description **Electric instantaneous water heater, for kitchen, with technical characteristics: 220V; 50Hz; 4500W; 0,2MPa; IPX1; defence against defeat of electric shock, class I; water capacity 3 l/min; $t^{\circ}=80\pm 5^{\circ}\text{C}$.**

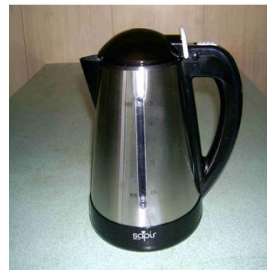

Risk type **Injuries**

Risk description **This product poses a risk of explosion because the pressure release device does not operate and the switch, the part of water catcher actuated of pressure, destroys. The construction of the device does not ensure a protection against excessive heat water pressure increasing. In addition, the product is not marked with the announced pressure according to the requirements to the electric instantaneous water heater. The product does not comply with the Low Voltage Directive and the relevant European standard EN 60335**

Product **Inflatable ring - Swim ring.**

Brand **Best way, SURF AND SUN.**

Type / number of model **Ref. No.:03 40340, EAN: 8585017540340.**

Product description **The toy has a form of two interlinked rings. The greater opened ring is designed for adults. The smaller one is closed and designed for a child. The latter is equipped with two bands to prevent sliding down of a child from the ring. The valve is on the bottom in the back. The bottom parts are made from a blue plastic foil, the top is made from a printed transparent plastic foil. The toy is packed in an applied colour paper. The user instructions are in the front, warnings and information in various languages are on the back.**

Risk type **Chemical**

Risk description **This product poses a chemical risk because : - the valve contains 26,69 % by weight of di (2-ethylhexyl) phthalate (DEHP), - the blue plastic material contains 23,1 % by weight of di (2-ethylhexyl) phthalate (DEHP) and 2,02 % by weight of di-isononyl-phthalate (DINP), - the transparent plastic with the applied colour contains 27,3 % by weight of di (2-ethylhexyl) phthalate (DEHP) and 1,59 % by weight of di-isononyl-phthalate (DINP). The content of phthalates in the toy designed for a child is much higher as the maximum allowed limit of 0,1 % by weight. The product poses a serious risk for a health of a child. This product does not**
