Product description **Cord extension with 6 sockets. Technical characteristics: - 250V, 16A, 3500 W, rate protection IP20. Cord extension is packed in a transparent plastic bag.**

Risk type **Fire**

Risk description **This product poses a risk of fire because: - the cable cross-section area is too small, - the electrical connections are not effective which could cause increment of temperature in sockets. In addition it has misleading marking. The product does not comply with the Low Voltage Directive.**

Country of origin **People's Republic of China**

Measures ordered by public authorities **Other : Sales ban, withdrawal from the market and recall from consumers ordered by the authorities

Product **Balloons (Helicopter + 3 Balloons)**

Brand **Riethmüller**

Type / number of model **6444; bar code: 4009775644415**

Product description **The package contains a plastic propeller, 3 balloons and an end piece. The propeller shall be connected to the blown-up balloon and after releasing it flies as a helicopter.**

Risk type **Choking**

Risk description **The toy poses a serious risk of choking especially for young children because it contains a mouth-piece which can be easily detached from the opening of the balloon and fits entirely into the small parts cylinder. This product does not comply with the Toys Directive and the relevant European standard EN-71.**

Type **Consumer**

Product **Circular saw**

Brand **MANS FRIEND**

Type / number of model **MF/CS185D-828; bar code: 1 092 034 789 340**

Product description **The housing of the circular saw and the grips were made of plastic, the grip containing the switch has a softer and different coloured insert. Other parts of the machine were made of metal. The unintentional press of the switch is prevented by a locking mechanism, the machine can be switched on by two separate motions, and the switch becomes locked when released. The depth and angle of the cut can be adjusted by sinking and turning the base plate. The protecting shields and the splitting wedge move together with the motor and saw, thus their relative position is permanent. Main components: plug with inscription: " YYEAC YXD-02 16A 250V~"+ marks of approval; mains cable with inscriptions: "YUAO YUXIANG H05VV-F 2X0,75mm2"+VDE; bipolar switch with inscription: "FA6-4/2B 4(4)A 250V~ 5E4" + S; sawing disc with inscription: "185MMX20MMX18T" Technical specifications: 230V~; 50Hz; 1200W; 4500rpm; Class II; diameter of the disc:185 mm.**

Risk type **Electric shock
Injuries**

Risk description **The product poses a risk of: - electric shock since the unfixed internal wiring can get into contact with moving parts and sharp edges, and the majority of electrical safety**

instructions are missing from the instructions for use, - injuries because the cutting wedge suffers permanent deformation, moreover the instructions for use do not include the majority of the general safety instructions neither the specific safety rules relating to the hand-held circular saws. The product does not comply with Machinery Directive and the relevant European standard EN 60745.

| Product | Angle grinder |
| Brand | Straus Austria |
| Type / number of model | ST/AG22001 |
| Barcode | 7363867201267 |
| Product description | The product has orange plastic cover, the gear house has silver metal cover with back insert at the grip. Main parts of the device: mains plug (FY-007; 16A; 250V; VDE); mains cable (H07RN-F; 2x1mm²; 450/750V; VDE); switch unit (FA5-12/2DB; 12(12)A; 250V~; 5E4; S; CE); suppression condenser (AD; MEX GPF; 0,47 ?F; K; X2; 250V~; + marks of approval); motor without inscriptions. Technical specification: 230 V; 50 Hz; 2500 W; Class II; 6000 RPM; 230 mm. |
| Risk type | Electric shock Fire Injuries |
| Risk description | The product poses a risk of: - electric shock because the mechanical strength of the ventilation holes are not sufficient, therefore the live parts become accessible, - fire since due to the unfixed internal wiring short circuit may occur, the connections are made by twisting the cores of the wires, screws can protrude into the plastic cover, - injuries because the size of the protection shield is not appropriate. The product does not comply with Machinery |

Directive and the relevant European standard EN 50144.

Alert number **1092/07**

Notifying country **Greece**

Product category **Motor vehicles**

Type **Consumer**

Product **Passenger cars**

Brand **Renault**

EC-type approval/model **model TRAFIC II**

Product description **The recall concerns vehicles produced from 1 May 2006 to 10 April 2007 (produced in Barcelona, Spain) and from 1 May 2006 to 8 March 2007 (produced in Luton, England).**

Risk type **Fire**

Risk description **The product poses a serious risk of fire because of inadequate fixing of the dashboards' wirings. There is a possibility of wearing of the dashboard wiring by contact with the steering column and/or the pedal mounting. This may cause serious electrical problems to the vehicle like short-circuit of the rear stoplights and the front right headlight, interruptions in the engine's function, overheating of the engine, etc.**

EC-type approval/model **L-A, EC type-approval e4*2001/116*0118*02**

Product description **Part No / catalogue No of the 16' steel wheel rim: 96 626 210 / 17 50 249**

Risk type **Injuries**

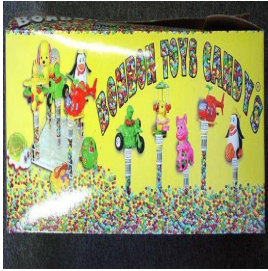

Risk description **This product poses a serious risk of injuries because the steel wheel rims which do not meet the specifications can come away from the wheel. On vehicles with steel wheel rims the wheel nuts can loosen and cause cracks in the surface of the wheel disc. Tests showed that this damage is caused by rims which are not flat on the hub.**

Brand **Mammut**

Type / number of model **- article No 1020535 Fixed rope route set Via Ferrata Step Web, - article No 1020536 Fixed rope route set Via Ferrata Turn Web.**

Product description **Unknown**

Risk type **Injuries**

Risk description **This product poses a serious risk of injuries because a malfunction was noted in the brake webbing of Mammut's models. Various fixed rope route sets were tested for their resistance to potential environmental effects. Although the conditions simulated in the tests are exceedingly unlikely to arise in practice, Mammut Sports Group AG has decided to withdraw the sets in question from the market as a precautionary measure, thereby guarding against any possible risk to users.**
