Product Girl's shirt

Brand KIDS RESERVED

Type / number of model Style: C3227-56X-92, Little Junglei, EAN kód: 5900277150178.

Product description Girl's shirt of turquoise colour with long sleeves, declared stuff composition - 100% cotton, size 92, for age of 1,5 -2 years. A textile application - figure of a girl with a lion on string is on the front part. The string is represented by 10 glued-on glistening strass loops - spangles. A stitched text "Walking with...my jungle friend" is also in the front of the shirt.

Risk type Choking

Risk description The product poses a risk of choking because during the test with torsion moment the glued-on spangles were easily removed. The spangles fully fit into the test cylinder for small parts. As the product is designated for children below 36 months, it poses a serious risk of choking for children after swallowing easily detachable small parts.

Product Angle grinder

Brand Dimension

Type / number of model DM/AG230-160

Barcode 9 120 022 491 424

Product description The housing of the angle grinder is made of plastic, one of the grips is fitted to the end of the housing, made of plastic and it is a separate part that can be rotated after releasing a lock, it also includes the mains switch, the appliance can only be switched on after pressing a locking mechanism. The second grip can be screwed into one of the holes on the side of the metal crank case. The guard is made of iron plate, the cleat welded to it can be fixed onto the crank case by fastening a screw. Main parts of the device: mains plug (16A/250V FY-007+mark of manufacturer+mark of VDE); mains cable (H05VV-F 2X1mm² YONKANG ZHIYING CABLE AND WIRE FACTORY); double-circuit switch (FA4-10/2D 10(10)A 250V~5E4 MC JIAN DA ELECTRIC FACTORY). Alternative component: double-circuit switch (FA2-10/2B 20(20)A 110V~10(10)A 220V~"). Technical specification: 230V~50Hz; 2050 W; Class II; 6000 RPM; diameter of disc:230 mm.

Risk type	Electric shock Injuries
Risk description	The product poses a risk of electric shock because: - during the mechanical strength test the ventilation grids broke and the cover fell into two parts when applying the force specified by the standard, thus the live parts became accessible, - the design of mains cable is lighter than required by the standard, therefore it can more easily damage; and of injuries because: - the mechanical strength is not sufficient, - the instructions manual only partly includes the necessary safety rules and warnings. The product does not comply with Machinery Directive and the relevant European standard EN 50144.
