Type **Consumer**

Product **Baby monitoring device 'Mobile babysitter'**

Brand **m-e**

Type / number of model **DBS-1850, EAN 4250109111855**

Product description **Baby phone with voice output.**

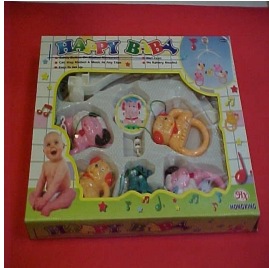

Risk type **Electric shock**

Risk description **The product poses a risk of electric shock when activating the reset button. If, as recommended, a paper clip, needle or similar fine-tipped metal object is used to penetrate the small reset opening in order to access and activate the reset switch, an electric shock could occur as the reset switch in question has only simple foil insulation.**

Alert number **0946/08**

Notifying country **Hungary**

Product category **Toys**

Type **Consumer**

Product **Plastic toy 'Happy baby toy'**

Brand **HONGXING**

Type / number of model **No. 348A, Bar code: 5999502850648**

Product description **Musical, rotating plastic toy to be hung above a crib or cot. 5 rattles resembling animal figures hang from the stand. The product is provided with a sound emitting unit. Packaging: cardboard box with transparent plastic window. Dimensions: 31 x 40 x 6 cm.**

Risk type **Choking**

Risk description **The product poses a risk of choking because the size of the hook for hanging the toy is too small and small parts can be easily detached. These small elements fit entirely into the small parts cylinder and pose a risk of choking if children put them into their mouth and swallow them. The product does not comply with the Toys Directive and the relevant European standard EN 71.**

Country of origin **People's Republic of China**

Measures ordered by public authorities **Other : Withdrawal from the market and recall from consumers ordered by the authorities.

Product **Wooden hammock 'Barcelona Garden Hammock'**

Brand **B & Q**

Type / number of model **Live Outdoors , 'Barcelona' Range / 05061525**

Product description **Wooden framed garden hammock with striped canvas supplied in colour retail box. This product was offered for sale from March 2005.**

Risk type **Injuries**

Risk description **The product poses a risk of injuries because deterioration of the timber frame caused by water may create a weakness in the wood around the metal socket at the base of the hammock frame. This may lead to the hammock frame breaking whilst in use. 21 recorded incidents.**

Country of origin **Hong Kong**

Measures taken by economic operators **Other : Voluntary withdrawal from the market and recall from consumers by the retailer.

Product **Baby's feeding kit - MOMLOVE Baby plastic bottle and nipple**

Brand **MOMLOVE**

Type / number of model **EAN: 8717227020385; item EU-BB-005**

Product description **Baby's feeding kit containing a transparent, plastic feeding bottle, bottle-brush, bib and hygienic sticks in a small plastic bag. The capacity of the bottle is 120ml/4oz. The bottle has a white locking ring, a green handle and a green protective cover in the form of a cat's head. The feeding teat is made of soft PVC and is packed in a transparent, plastic bag with inscriptions on the label: MOMLOVE Baby plastic bottle and nipple, materiales non toxicos .**

Risk type **Chemical**

Risk description **The product poses a chemical risk because the teat of the feeding bottle contains 3.12% by weight of di(2-ethylhexyl) phthalate (DEHP), which is banned in childcare articles by the Chemical Restrictions Directive 76/769/EC. Phthalates may cause harm to the unborn child and a possible risk of impaired fertility.**

Product **Passenger car power-assisted steering hose in Ford Focus**

Brand **FORD**

EC-type approval/model **Focus, Focus CC and Focus C-Max**

Product description **The recall concerns vehicles, produced between 02.04.2008 and 15.05.2008.**

Risk type **Fire**

Risk description **The product poses a risk of fire due to a fault in the power-assisted steering hose which could cause premature failure and leakage of power steering fluid. In extreme cases, the leaking fluid could touch hot components in the engine compartment and ignite, thus starting an engine compartment fire.**

Country of origin **Germany**

Measures taken by economic operators **Other : Voluntary corrective action taken by the importer.

Type **Consumer**

Product **Passenger car - Intercooler outlet pipe in Suzuki Grand Vitara**

Brand **SUZUKI**

EC-type approval/model **JB419WD (3D) and JB419XD (5D)**

Product description **The recall concerns vehicles with chassis numbers from: JSAJTA44V00 100031 to JSAJTA44V00 302336 (JB419WD) and from: JSAJTD44V00 100055 to JSAJTD44V00 306862 (JB419XD), manufactured between 28.06.2005 and 31.05.2008.**

Risk type **Fire**

Risk description **The product poses a risk of fire due to the inappropriate material of the intercooler outlet pipe insulator. If the insulator is exposed to engine oil for a prolonged period it could swell and slip off from the throttle body due to internal pressure causing an improper ratio of air/fuel mixture. After certain period of usage, the above condition may cause excessive deposition of carbon particulate in DPF that could burn up and result in overheating or melting of DPF. In the worst cases, DPF may catch fire.**

Country of origin **Japan**

Product **Motorcycle transmission jet**

Brand **BUELL**

EC-type approval/model **Motorcycles model 1125R MY 2008**

Product description **The recall applies to 2008 model year motorcycles, built from the start of production through to 30 May 2008. The VIN numbers list for Greece is:- 5MZHL04R183B01974- 5MZHL04R283B01482- 5MZHL04R483B01483- 5MZHL04R583B01797- 5MZHL04R583B01931- 5MZHL04R983B01964- 5MZHL04R983B02421- 5MZHL04RX83B00855- 5MZHL04RX83B01150**

Risk type **Injuries**

Risk description **The product poses a risk of injuries because the affected motorcycles can experience 5th gear galling on the clutch shaft due to lack of lubrication. This condition can cause the gear to seize to the shaft, resulting in rear wheel lock-up. This could result in an accident, which could cause injury or death to the rider.**

Risk type

Electric shock

Risk description

The product poses a risk of electric shock because : - construction of converter does not comply with the requirements on distance between primary and secondary windings for reinforced insulation, - the product failed to pass the voltage test between output connector and mains plugs for double insulation. Therefore, interference may occur among clearances, creepage distances and insulation resulting in appearance of line voltage on the output connector, which might lead to an electric shock in case of incidental contact. The product does not comply with the Low Voltage Directive and the relevant European standard EN 60950.
