Product category	Toys
Type	Consumer
Product	Pull-along dog
Brand	LUCKY DOG
Type / number of model	515 (on cardboard label), B79397 (on sticker)
Barcode	8595090793977
Product description	The toy is made from PVC. White dog on wheels with black markings and wearing a red cap on the head. Red and green rings are strung on the tail. A textile yellow string with a plastic ring at the end is fixed to the neck. Packed in a plastic bag closed with coloured cardboard. Marking - LUCKY DOG, No. 515, Made in China, warning: Choking hazard- small parts. Not for children under 3 years, CE.
Risk type	Choking Strangulation
Risk description	The product poses a risk of: - choking because the plastic tail can be detached and the rings released. All released parts fully fit into the small parts test cylinder, - strangulation because the length of the string for pulling the toy is 950 mm and, together with the plastic ring, enables loops to be formed posing a risk of strangulation. The product does not comply with the Toys Directive and the relevant European standard EN71.
Country of origin	People's Republic of China

Pull along toy - "PUZZLE INTEREST - The elephant with puzzle blocks"

Brand

LISTA

Type / number of model

MT - 20099. EAN 5907664207408

Product description

A toy elephant made of yellow coloured plastic, on pink wheels, with a yellow cord for pulling the toy along. On the side of the toy are different shaped holes and the elephant contains eight colourful puzzle blocks to match the holes, in the shape of different mammals and sea creatures coloured: pink, violet, yellow, orange and green. Underneath the toy there is a flap to remove blocks from the toy - coloured violet. With the toy there is a tag with a CE mark and the following markings: "Unsuitable for children under 3 years old", name and address of the importer, CE mark. There is also a warning about the risk of swallowing small parts and about necessity of storing the

packaging as it contains useful information.

Risk type **Injuries**

Risk description **The product poses a risk of injuries because of sharp edges around the puzzle holes as well as on the puzzle blocks. The product does not comply with the Toys Directive and with the relevant European standard EN 71.**

Product	Table lamp "Sea Artist"
Brand	Unknown
Type / number of model	TL-159, TL-160 (on packaging)
Product description	Table lamp made from PVC and a lampshade covered in textile. The lamp has a brown base with a blue textile cover decorated with flowers. A sticker on the bottom of the base contains data concerning the origin and the importer. A black supply cord is anchored to the base marked "PVC INSULATED WIRE 300/300V"; the plug contains data 6A, 250 V. Packaging: a cardboard box marked "LAMP TL-159, Made in China", six safety warnings in foreign language and warning: "Choking hazard- Small parts. Not for children under 3 years."
Risk type	Electric shock Fire
Risk description	The product poses a risk of electric shock and fire because: - there is external and internal wiring, - the size of the plug is not compliant, - the cord cross-section is 0.1 mm², - the supply cord is not appropriately anchored to the lamp and moves freely, - the supply cord can be released from the switch screws, - the plastic material of the bulb holder does not meet requirements, - marking, data about frequency, type of supply and other instructions are missing. The product does not comply with the Low Voltage Directive and the relevant European standard EN 60598.

Product **Candles in the shape of a flower**

Brand **MUSIC CANDLE**

Barcode **6 933550403011**

Product description **Candles in the shape of a flower - a lotus - made of thin plastic on which there are 8 small candles about 1 cm long and in the middle there is a combustible substance which can be ignited with the help of a special stick. When ignited, the tune "Happy birthday to you" plays. Packaging: a cardboard box with pictures of the candles, and the following inscriptions - "MUSIC CANDLE", "Happy birthday to you".**

Risk type **Burns
Fire**

The product poses a risk of burns and fire because after

Risk description	lighting the candle the leaves open up and once the candle has burnt the leaves catch fire, burning intensively together with the rest of the flower. The battery then explodes and can be unexpectedly “thrown out” in any direction.
Country of origin	People's Republic of China
Measures ordered by public authorities	Other : Recall from consumers by the distributor ordered by the authorities. Other

Product **Doll**

Brand **Xu Shun Wan Ju**

Type / number of model **No. 810A**

Product description **Doll dressed in textile clothing and plastic boots, with monofilament hair. Small comb and hand-bag are included in the package. Packed in a plastic bag with data: Xu Shun Wan Ju, No. 810A, Made in China, a warning "Choking hazard - small parts. Not for children under 3 years".**

Risk type **Chemical**

Risk description **The product poses a chemical risk because the plastic material of the head contains 19.9 % by weight of bis (2-ethylhexyl) phthalate (DEHP) and 0.56% by weight of di-"isononyl" phthalate (DINP). According to the Chemical Restrictions Directive 76/769/EEC, certain phthalates in toys are prohibited.**

Notifying country	Slovakia
Product category	Lighting equipment
Type	Consumer
Product	Table lamp
Brand	Unknown
Type / number of model	Unknown
Product description	Table lamp made from PVC with a white plastic lampshade, a plastic gold coloured lamp holder, a black and silver plastic base in the shape of a fish and an anchored bulb holder. The fish has an opening with a picture of two cats, stars and wording "Happy time". A black supply cable with a black switch and a red button is anchored to the base. Data on plug - 2,5 A, 250 V, data on the cable - PVC INSULATED WIRE 300/300V. Packaging - a cardboard box.
Risk type	Electric shock Fire
Risk description	The product poses a risk of electric shock and fire because: - the base of the lamp can break, - the lamp is without SELV. 10.10, - the parameters of the plug and the cable (cross-section of 0.1 mm²) are not compliant, - the supply cable is not fixed to the lamp; it moves freely and can be released from the lamp holder, - the product is not insulated and the plastic cover can be released resulting in access to live parts. The product does not comply with the Low Voltage Directive and the relevant European standard EN 60598.
Country of origin	People's Republic of China

appliances Product: AC adaptor for wireless handset of mobile telephone Brand: Profset Pro10 (on the packaging) Type: HCR-EUR-D05-001 EAN: 6 430029 640101

Product description

Plug-in type AC adaptor for wireless handset of mobile telephone. Handset operates with Bluetooth mobile phones with USB connector.

Risk type

Electric shock

Risk description

The product poses a risk of electric shock because: - there is insufficient isolation between the parts connected to the mains and the output circuit which can be touched via the output cable, - creepage distances in the mains transformer (QYD 080310T1) between the primary and the secondary windings are less than 4 mm / 5 mm; measure a minimum of 0.2 mm between the primary winding and the output of the secondary winding, - there are no insulation tubes on the output wires, - the mains transformer does not pass the electric strength test of 3000 V AC for 1min between the primary winding and the secondary winding, - flash-over occurs at 1250 V AC. The product does not comply with the Low Voltage Directive and the relevant European standard EN 60950.

Notifying country	Spain
Product category	Machinery
Type	Consumer
Product	Heat-sealing gun
Brand	CM
Type / number of model	ref.: 090101
Product description	Trigger-activated glue gun. It comes in a blister pack marked: Imported by CM.
Risk type	Electric shock
Risk description	The product poses a risk of electric shock because: - the difference between the limits of the rated voltage range is 11.7% of the mean value of power measured for each voltage, which exceeds the 10% mean value laid down by the standard. Accordingly, the manufacturer must indicate the power for each of the voltages of the rated voltage range, - the gun has no instructions for use, which must include the following warning for supply cables with a Z clamp: 'The supply cable cannot be replaced. If damaged, the appliance must not be used', - the supply cable has only basic insulation accessible and so there is insufficient protection against accidental contact with live parts, - Class II appliances and Class II parts must be built and enclosed in such a way as to ensure sufficient protection against accidental contact with the primary insulation and with metallic parts separated from the live parts only by primary insulation, - the appliance failed the electrical strength test at 3 000 V~ in relation to reinforced insulation between the live parts and the appliance's

casing, - the conductors of the supply cable should not be fixed by Sn-Pb soldering where they are subject to contact pressure, unless the fastening mechanisms are built in such a way as to ensure there is no risk of poor contact because of the cold flow of the soldering, - the markings are not long-lasting and do not remain legible. The product does not comply with the Low Voltage Directive and the relevant European standard EN 60335.
