Product category	Electrical appliances and equipment
Type	Consumer
Product	Bathroom Cabinet - Mirror Box
Brand	Diplon
Type / number of model	Type: JB2611
Product description	Bathroom cabinet with metal enclosure 2x14W-G5, 230V, Ik I, IP20
Risk type	Electric shock
Risk description	The product poses a risk of electric shock because: - the switch is easy to remove by hand from its mounting hole and therefore live terminals of the switch are accessible from the outside of the cabinet. In case the switch is in its position, it is possible to access the live terminals of the switch during lamp replacement, - the luminaire-parts are fitted with two appliance inlets. Live pins of the appliance inlet are accessible with the test finger during lamp replacement, - the conductors used for connection of the mains connector are also connected to a terminal block but the conductors at the terminal block are not properly attached because live parts of the conductors are accessible with the test finger, - the live parts of the mains connector are accessible with the test finger when it has been removed from the appliance inlet. The

product does not comply with the Low Voltage Directive and the relevant European standard EN 60598.

Product Hand mixer with bowl

Brand SANUSY Austria

Type / number of model SN-4212, bar code: 9120028903372

Product description The product is white and grey colours. The appliance is supplied with various beaters. Main components: mains plug (JWM, 2,5 A, 250 V, + marks of approval); mains supply cord (CABLE TON N/12017, H03VVH2-F 2X0,875mm², + marks of approval); motor (HD4515, 230 V, 50/60 Hz, Z.P Class: B), speed switch (BK-218). Technical parameters: 230 V; 50 Hz; 250 W; Class II.

Risk type Electric shock

Risk description The product poses a risk of electric shock because: - the cord is not fixed properly to the appliance, - the internal wiring comes into contact with moving and sharp parts, - there is non-compliance of plug dimensions, - there is no device to prevent food from getting into the appliance. The product does not comply with Low Voltage Directive and the relevant European standard EN 60335.

Product category Toys

Type Consumer

Product Folding toy cat

Brand MROWIEC TOYS

Type / number of model EAN code: 5908258100853

Product description The toy is made of different coloured, plastic, removable rings. It is packed in a clear plastic bag on which there is a sticker in Latvian containing the name of the distributor and a warning that the product is not suitable for children under 3 years. "Contain small parts. Use only under supervision of an adult. Choking hazard".

Risk type Choking

Risk description The product poses a risk of choking for children under 36 months because the plastic ring around the cat's neck may easily be detached and the ring fits completely into the small parts cylinder. The product does not comply with the Toys Directive and the relevant European standard EN 71.

Product Spot light

Brand ESTO

Type / number of model Art. Nr. 54006-2

Product description The adjustable bracket has a metal structure. It includes an aluminium base, two non-flexible brackets and metal-covered lampholders fixed with a hinged connection and supplied with a decorative glass plate. Main components: 2 E14 lampholders ("22 500/CI T190" + marks of approval), terminal block ("a 230 380V 1,5-2,5" + marks of approval), double-insulated 2-core internal wiring. Technical specification: 230V 50Hz; max 2x40W; F-mark

Risk type Electric shock

Risk description The product poses a risk of electric shock because: - sharp parts protrude into the wireways, - during installation the live parts on unfixed terminals may come into contact with earthed parts, - bushings to protect contacts with sharp edges are missing. The product does not comply with the Low Voltage Directive and the relevant European standard EN 60598.

Product Child's mobile phone

Brand Vision

Type / number of model No. 636- 600D, LD9-829

Product description Child's plastic mobile phone with a cord, operated by 2 button batteries of 1.5 V. The product is packed in a blister.

Risk type Damage to hearing

Risk description The product poses a risk of damage to hearing because the weighted emission of acoustic pressure is 96.1 dB which exceeds the maximum permitted value of 80 dB. The product does not comply with the Toys Directive and the relevant European standard EN 71.

Country of origin People's Republic of China

Measures taken by economic operators Other : Voluntary withdrawal from the market and recall from consumers by the distributor.
Other

Notifying country	Slovakia
Product category	Toys
Type	Consumer
Product	Baby pyramid
Brand	nina
Barcode	5900946000346
Product description	A toy plastic pyramid composed of 12 varicoloured elements in the form of cups. Each cup has a sticker with a digit corresponding to the number of images. Packed in a transparent bag.
Risk type	Choking Suffocation
Risk description	The product poses a risk of suffocation and choking because children can put the cups into the mouth (imitating drinking). These parts may block the nose and mouth of a child by forming an air-proof stopper, which may lead to suffocation. The product does not comply with the Toys Directive and the relevant European standard EN 71.
Country of origin	Unknown
Measures taken by economic operators	Other : Voluntary withdrawal from the market and recall from consumers by the distributor.

Product Motorcycles - BMW F 650 GS

Brand BMW

EC-type approval/model type E8GS

Product description The affected motorcycles were manufactured between May 2007 and 29 August 2008 and have the type-approval number e1*2002/24*0352.

Risk type Injuries

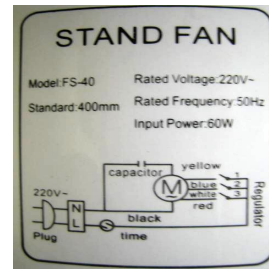

Risk description The product poses a risk of injuries because the reduced torque suffices to release the threaded fasteners securing the front brake disc. At the limits of the range of tolerances the depth of engagement of the threaded fasteners might be insufficient. There is a possibility of threaded fasteners working loose. Under worst-case conditions there is a possibility of the brake disc becoming loose. Consequently, the possibility of safety-critical riding conditions occurring cannot be excluded.

Country of origin Germany

Measures taken by economic operators Other : Voluntary corrective actions taken by the manufacturer.

Product Stand fan

Brand SUPER DELUX FAN

Type / number of model FS-40

Product description The product has a white plastic cover with a black insert at the speed and time switch. The stand is approximately 130 cm high, the push button and time switch is on the upper part. The blue fan blades (diameter: 40 cm) with the motor can be found on the top of the stand. Main components: mains plug (10 A 250 V CE VDE KEMA); mains supply cord (N/15382 H03VVH2-F 2x0,5 mm² + marks of approval); time switch (DFJ-60 220 V 1,6 A); speed control (KQ-41A 250 V CQC); suppression unit (CBB61 1µF 400 VAC 50/60 Hz 25/070/21 CQC); motor without marking. Technical specification: 220 V; 50 Hz; 60 W; Class II.

Risk type Electric shock

Risk description The product poses a risk of electric shock because the basic insulated parts come into contact with accessible metal parts; furthermore certain accessible parts of the appliance are separated only with basic insulation from the mains supply elements. The product does not comply with the Low Voltage

Directive and the relevant European standard EN 60335.

Country of origin Unknown
