Product Children's folding chair

Brand Jumbo

Type / number of model Article n° SC100-BW, barcode 0250170000038

Product description A child's folding chair with a metal frame and a black upholstered seat in the form of a football. There is a label attached to the product containing information in Greek and English. Packaging - a bag with a drawstring for closing and fastening. On the packaging there is a label containing the following information in Bulgarian: Composition: metal, textile; intended for children over 3 years of age. Made in China; maximum weight of the child - 25 kg, and a warning concerning the weight restriction.

Risk type Injuries

Risk description The product poses a risk of injuries because: - the distance between the moving parts is less than 12 mm, - the packaging is a plastic bag with a drawstring. The thickness of the plastic sheeting is 0.1 mm, with an opening perimeter of 660 mm, so the bag should allow ventilation. The product does not comply with the relevant European standard EN 71.

| Product | Decorative oil lamp |
| Brand | Miniflicker |
| Type / number of model | Art. N° 16053 |
| Product description | The lamp is comprised of a set of 3 stainless steel tubes with a wick inside each tube and a small glass. The tubes are placed in an ordinary glass, bottle or vase which is filled with lamp oil. |
| Risk type | Burns Chemical Fire |
| Risk description | The product poses: - a chemical risk because the tubes are placed in an open container, such as an ordinary glass, bottle or vase, which is filled with colourless lamp oil. The product is not fitted with a wick-guard or a cover to prevent small children from gaining access to the wick. This could lead to a risk of lung damage if children then swallow or ingest the lamp oil, - a risk of fire and burns if lighted wicks are placed in an open container which contains a flammable fluid. If the container is knocked over the fluid will spill out and the wicks could start a fire within seconds. The product does not comply with the relevant European standard EN 14059. |
