

Alert number 1754/10

Notifying country	United Kingdom
Product category	Cosmetics
Type	Consumer
Product	Dental Whitening System
Brand	Smilebryte
Type / number of model	Unknown
Product description	Syringe of clear gel in plastic bag
Risk type	Chemical
Risk description	The product poses a chemical risk because it contains 9.9% of released hydrogen peroxide. This exceeds the 0.1% level permitted in the Cosmetic Products (safety) Regs 2008 (Directive) and is above the level of 6% considered by the SCCF to be the maximum permitted to be used by consumers.
Country of origin	United States
Measures taken by economic operators	Other : Voluntary stop of sales. Other

Alert number 1753/10

Notifying country	Finland
Product category	Protective equipment
Type	Consumer
Product	Reflectors - Reflector
Brand	Spenn
Type / number of model	1. Spenn horse head reflector, Bar Code: 6426600043041, 2. Spenn reflective stickers, Bar code: 6426600043027
Product description	1. Spenn horse head reflector: Free hanging horse head reflector. 2. Spenn reflective stickers: Reflective stickers in the form of a ghost and small and big faces.
Risk type	Injuries
Risk description	The products pose a risk of injuries because the visibility of the reflectors is not sufficient. The results for retro-reflection are so low (lower than values for type 1 or 2), that they cannot be regarded as safe visibility accessories. The products do not comply with the Personal Protective Equipment (PPE) Directive and the relevant European standard EN 13356.
Country of origin	People's Republic of China
Measures taken by economic operators	Other : Voluntary recall from consumers. Other

Product description	http://ec.europa.eu/consumers/images/rapex/2010-w47/2010-w47_15-description.pdf >See attached document.
Risk type	Chemical
Risk description	The products pose a chemical risk because they contain hexavalent chromium, in concentrations varying from 0.6 to 5 mg/kg. Oeko Tex Standard 100 states that, to ensure optimum quality, total chromium content should be less than 1 mg/kg for children's clothing and less than 2 mg/kg for all other clothing, regardless of whether it is in contact with the skin. According to the German Federal Institute for Risk Assessment (BfR; 2007), chromium VI should actually be below the detection limit due to the substance's cutaneous sensitisation properties, i.e. its ability to cause allergic reactions such as contact dermatitis. Taking into account that the target population is children who have a tendency to suck on their clothing and that the chromium VI content is above established limit values, we consider that exposure may occur not only via the cutaneous route, but also by the oral and inhalatory route and that the products therefore pose a chemical risk.
Country of origin	Unknown
Measures ordered by public authorities	Other : Seizure of the products ordered by the authorities. Other

Alert number	<u>1743/10</u>
Notifying country	Greece
Product category	Motor vehicles
Type	Consumer
Product	Motorcycle - PCX125
Brand	Honda
EC-type approval/model	WW125EX2A, model code JF28
Product description	The recall concerns certain 2010 model year units, with VINs in the range: MLHJF28A*A5000007 - MLHJF28A*A5012777
Risk type	Fire
Risk description	The product poses a risk of fire because an acidic mixture of battery electrolyte and water may drip from the drain hole of the battery box on to the top of the fuel pump, leading to cracks around the fuel pump hose connector area. As result, fuel will leak from the fuel pump while starting or riding the vehicle.
Country of origin	Thailand

Product	Camming device - Dragon Cam 6
Brand	DMM
Type / number of model	Size 6. Product Code A7056A. There are 604 units in the market that could be affected, made between 28 April and 30 June 2010. The serial number is located on the back edge of one of the two centre cam lobes. See attached list of serial numbers
Product description	A spring-loaded camming device for rock climbing protection. Colour - silver/grey. Product attached to card together with instructions.
Risk type	Injuries
Risk description	The product poses a risk of injuries because it could fail below its rated strength due to a structural defect in a raw material that is uniquely used to make a single component (namely the axle boss) in the product. The component made out of this defective material can develop cracks which propagate with time. The product does not comply with the Personal Protective Equipment (PPE) Directive.

Country of origin United Kingdom

Measures taken by economic operators Other : Voluntary recall from consumers by the manufacturer.

Product	Extension lead - Enrollacables
Brand	MercaTools
Type / number of model	MT 34005
Barcode	8430570340053
Product description	Red cable reel, cable 5 metres in length. Description of packaging: cardboard box.
Risk type	Electric shock Fire
Risk description	The product poses a risk of electric shock because the cable is linked to the base via connections welded to other leads starting at the base, which are not fixed connections and are covered by an insulator which moves easily. Furthermore, the thickness of the cable, namely 0.95 mm ² , is below the required minimum of 1.50mm ² , thus causing a risk of overheating. The product does not comply with the Low Voltage Directive (LVD) and the relevant European standard EN 61242.
Country of origin	People's Republic of China

Measures ordered by public
authorities

Other : Import rejected by the customs authorities.

Product	Toy with sweets - Toys Candy
Brand	King Ant
Type / number of model	918
Barcode	6914204001142
Product description	A toy ant containing sweets, packed in a cardboard and plastic box containing six pieces; the individual units are not packed.
Risk type	Choking Injuries
Risk description	The product poses a risk of: - choking, because the ant's horns, wheels, wind-up key and ant's head are small parts which can easily detach from the toy, - injuries, because the toy can easily break, exposing the metal axles of wheels. There is also a risk of finger entrapment. The product does not comply with the Toys Directive and with the relevant European standard EN 71.
Country of origin	People's Republic of China

Measures ordered by public
authorities

Type	Consumer
Product	LED tube - LED Tubes
Brand	Omnilux
Type / number of model	Omnilux G-13, EAN 4026397305197. The following types of LED tubes are affected with item numbers: 92001340/92001341/92001350/92001351/ 92001352/ 92001353/92001354/92001355/92001358/ 92001360/ 92001361/92001362/92001363/92001364/ 92001365/ 92001368/92001380 and 92001381
Product description	LED tube compatible with double-ended T8 fluorescent lamps (G13 socket).
Risk type	Electric shock
Risk description	The product poses a risk of electric shock due to accessible live parts when fitting or removing the LED tube into or from the lamp: if the LED tube is inserted when the lamp is switched on and the user comes into contact with the metal pins on one end of the socket when the other end has already been inserted, the pins may become live and cause a fatal electric shock. The product does not comply with the Low Voltage Directive (LVD) and the relevant European standard EN 60598.

Notifying country	Italy
Product category	Clothing, textiles and fashion items
Type	Consumer
Product	Children's suits
Brand	Yong Da
Type / number of model	Article codes: QX22/Q006/QX23
Product description	See attached document .
Risk type	Chemical
Risk description	The products pose a chemical risk because it contains Hexavalent Chromium, in concentrations varying from 1.6 to 14.1 mg/kg. Given that Oeko Tex Standard 100 states that, to ensure optimum quality, total chromium content should be less than 1 mg/kg for children's clothing and less than 2 mg/kg for all other clothing, regardless of whether it is in contact with the skin, and that Chromium VI should actually be below the detection threshold, we feel a limit of 5 mg/kg of Chromium VI is a practical threshold beyond which there is a serious risk of allergic contact dermatitis. In support of this, there are clinical studies which indicate that, for leather goods, 50% of sensitive subjects experienced contact dermatitis at this level. By analogy, and given that these

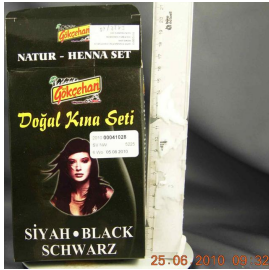

articles will be in direct contact with the skin for possibly an entire working day, we believe that they pose a serious risk of allergy to consumers.
