Product Electronic cigarette kit with travel charger

Brand Pep cigarette

Type / number of model Not known

Product description Electronic cigarette kit which contains a travel charger: 110V AC - 250V AC Plug-In Adaptor (AC/DC), model: LA-300.

Risk type Electric shock

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The travel charger supplied with the product poses a risk of electric shock because: 1. The internal insulation does not provide adequate insulation between the input and output circuits. 2. The internal connections rely upon solder to maintain their position. 3. It has inadequately sized pins and could cause damage to the socket. The product does not comply with the Low Voltage Directive (LVD) and the relevant European standard EN 61558.

Country of origin People's Republic of China
