Product category **Gas appliances and components**

Type **Consumer**

Product **Portable Gas Heaters "Royal Classic/Calor Classic/"**

Brand **Royal**

Type / number of model **LD 168E**

Product description **Portable gas heaters.**

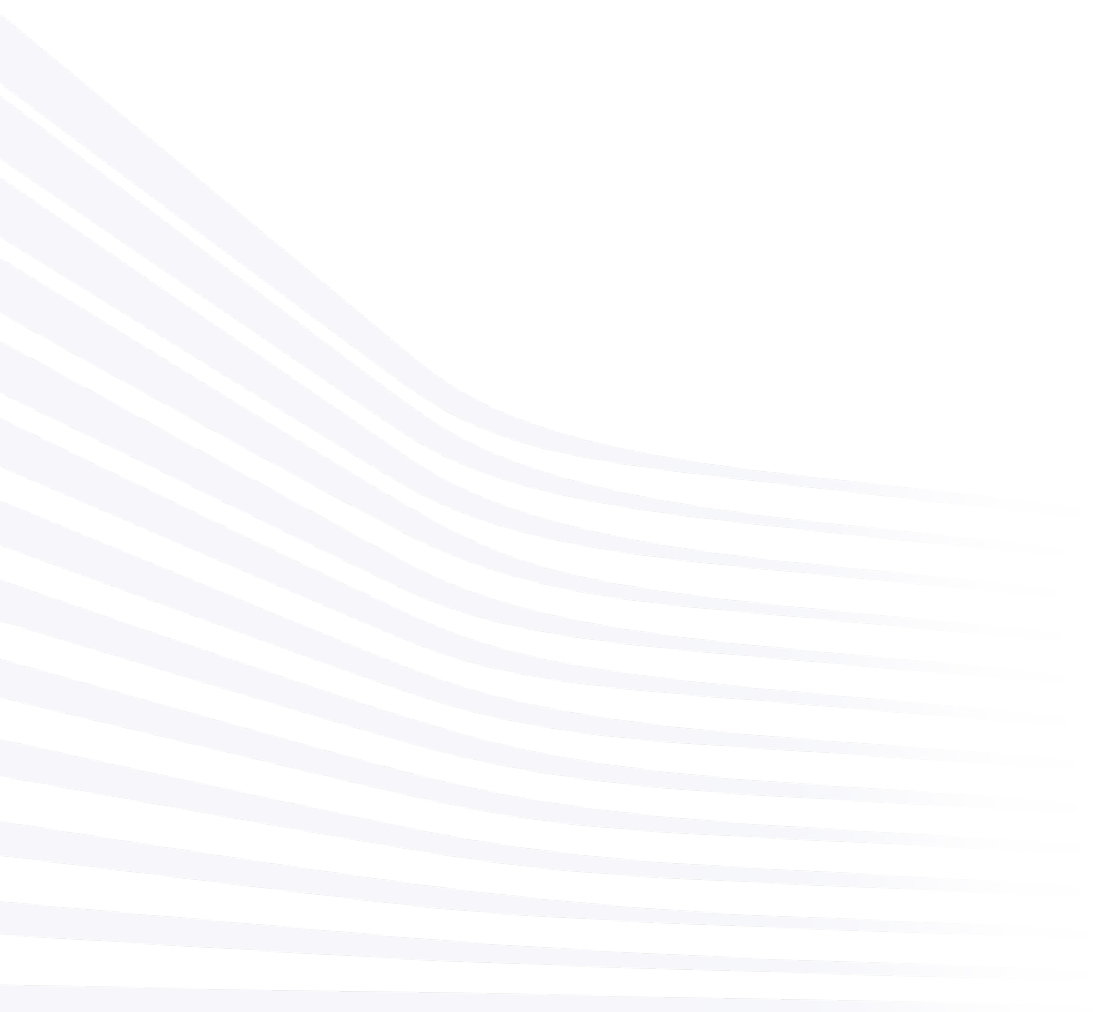

Risk type **Chemical**

Legal provisions (at EU level) and European standards against which the product was tested and did not comply **The products pose a chemical risk because the carbon monoxide produced by the heaters exceeds the levels set in the standard which can lead to Carbon Monoxide Poisoning. The products do not comply with the European standard EN 449.**

Product **Helmet "Penelope Pitstop"**

Brand **SHUNDE MOON HELMET CO Ltd**

Type / number of model **Type: MV6-5-S Bar Code: 0250730000034**

Product description **Helmet for cyclists.**

Risk type **Injuries**

Legal provisions (at EU level) and European standards against which the product was tested and did not comply **The product poses a risk of injuries because of insufficient shock absorbing capacity. As a result the users' head (cyclists, skateboarders and roller skaters) can be injured. The product does not comply with the Personal Protective Equipment Directive 89/686/EEC and the relevant European standard EN 1078.**

Product **Pushchair "Sapphire Stroller"**

Brand **Unknown**

Type / number of model **Catalogue number 376/5555**

Product description **Foldable pushchair**

Risk type **Injuries**

Legal provisions (at EU level)
and European standards
against which the product was
tested and did not comply

The product poses a risk of injuries because the bolt that holds the cross-frame together can work loose during use and as a consequence the stroller may collapse while in use. This poses a hazard to any child in the stroller at the time of failure. 9 incidents reported. This product does not comply with the relevant European standard EN 1888

Product **Passenger car "SUBARU Justy"**

Brand **Suzuki**

EC-type approval/model **Vehicle type MS, EC type-approval e6*93/81*0028*00 -01 and e6*98/14*0028*02**

Product description **The affected vehicles were manufactured between 1997 and 2002 and have a vehicle identification number in the range: TSMMS*35S00316394 to TSMMS*35S00907700. All vehicle owners will be notified and dealers will provide information on the measure, code 201009.**

Risk type **Injuries**

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The product poses a risk of injuries because, due to possible defects in the coating of the front shock-absorber unit, the brackets holding the stub-axles in place could yield to corrosion. As this corrosion progresses, it is possible that the stub axles could work themselves loose.

Product description

The packaging is a clear plastic bag containing 15g of purplish-red hygroscopic beads, stapled to a sheet of pink and pale green card bearing an image of a plant with open green leaves in a glass bowl. At the top is the wording "Gel Perla per piante vere (gel beads for real plants)", in green: the s

Risk type

Choking Injuries

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The products pose a risk of choking and injuries because they are identical in appearance to berries such as currants, and because they expand rapidly upon contact with water, they may, if accidentally ingested, obstruct the intestine, or, if they enter the airway, impede or completely prevent the passage of air, resulting in respiratory distress and/or asphyxia. The products do not comply with the Directive 87/357/EEC on products which, appearing to be other than they are, endanger the health or safety of consumers. Similar hygroscopic beads sold as toys have been mistaken for sweets.

Product **Replacement windscreen clips**

Brand **Belron**

EC-type approval/model **7261AKCC1F**

Production dates **-**

Product description **Replacement windscreen clips for Renault Megane Cabriolet V2 vehicles manufactured between October 2003 and July 2005 (the "Affected Vehicles")**

Risk type **Injuries**

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The product poses a risk of injuries because the outer trims on the left and right sides of the windscreen may detach from the car body when driven at high speed. The clips used to attach the trim to the car body are not sufficiently strong to hold the trim securely in position. In some cases, the trim may become detached and swing back, breaking the glass roof, and/or side window and/or rear window. 7 incidents reported.
