Product **Lamp-holder**

Brand **Lumi**

Type / number of model **E27181502604029 / 1**

Product description **Metal lamp-holder with ceramic ring. Description of packaging: - packed in bulk in cardboard boxes.**

Risk type **Electric shock**

Legal provisions (at EU level) and European standards against which the product was tested and did not comply **The product poses a risk of electric shock as the casings are made of metal and there is no insulating ring between the two. When unscrewing the ceramic ring, live parts become accessible, which may result in an electric shock.**

Product **Children's sports sets**

Brand **"Nini 2005"**

Type / number of model **1U-1066**

Product description **Children's clothing sets intended for children up to 7 years of age. The upper piece is a sweatshirt with a hood from which cords have been removed. The lower piece is a pair of trousers with cords in the waist area. There are embroidered inscriptions, rhinestones and patterns on both pieces. There**

Risk type **Injuries**

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The product poses a risk of injuries due to the presence of cords at the bottom of the trouser legs, which hang below the lower hem of the garment. They have knots at the ends and have not been protected against unravelling by means of a hot seal or by attaching an object. In addition the cords have not been properly attached to the garment. The product does not comply with the relevant European standard EN 14682.

Country of origin **People's Republic of China**

Alert number **0421/11**

Notifying country **Greece**

Product category **Motor vehicles**

Type **Consumer**

Product **Motorcycle F4 1000**

Brand **MV AGUSTA**

EC-type approval/model **This recall applies to certain 2010 F4 model motorcycles, built from 27.10.2009 through 07.09.2010.**

Production dates **-**

Risk type **Injuries**

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The product poses a risk of injuries because the upper fixture points of the rear sub-frame are not sufficiently robust, which may cause the sub-frame to break during normal use. If this occurs, the stability of the rider and the passenger would be comprised and there could be a risk of a crash.

Product **Dust mite UV vacuum cleaner "Milbensauger"**

Brand **Clean-Maxx**

Type / number of model **P00183**

Batch number **-**

Product description **Dust mite UV vacuum cleaner.**

Risk type **Health risk / other**

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The product poses a health risk of UV-damage to skin and eyes because when it is used on uneven surfaces the user may be exposed to UV radiation. Measurements show that the exposure limit set by the International Commission on Non-ionizing Radiation Protection (ICNIRP) is exceeded in approx 60 seconds at a distance of 100 mm in front of the product (40 microW/cm2). Furthermore, the warnings given in the operating instructions are not sufficient to guide the user how to act in order to assure safe use of the product. Two incidents of burns to the skin reported.

Brand **Fishing Fun**

Type / number of model **Item number 66619**

Batch number **-**

Product description **Plastic fishing game with magnetic components. A fishing rod with a reel, a float and a separate magnetic part packed in a blister pack on cardboard. Plastic fishes are also included.**

Risk type **Chemical
Choking
Injuries**

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The product poses a risk of choking because the loose magnetic component could be swallowed. The product poses a risk of injuries because the loose magnetic component has a magnetic flux index greater than 50 kG²mm² and could cause an intestinal blockage if it was swallowed. The product poses a chemical risk because the plastic material in the fishes contains 1,7-2,0 % DBP, 2,0-4,8 % DINP and 3,9-17 % DEHP by mass of plasticised material. The product does not comply with the Toys Directive and with the relevant European standard EN 71. According to the REACH Regulation phthalates DEHP, DBP and BBP are prohibited in all toys and childcare articles, while phthalates DINP, DIDP and DNOP are prohibited in

**toys or childcare articles that can be placed in the mouth
by children.**
