Product Children's sweatshirt

Brand DJDUTCHJEANS

Type / number of model BO4F2

Product description Children's grey sweatshirt with zip-fastener and hood including a drawstring with knots at the ends. The lining, the zipper and the drawstring in the hood are green. The front is decorated with the inscription "79" and a crest shape. Size: 98 cm.

Risk type Strangulation

Risk description The product poses a risk of strangulation due to the presence of drawstrings in the hood. The drawstrings can easily become entangled in fixed objects if the child is moving quickly. The product does not comply with the relevant European standard EN 14682.

Country of origin People's Republic of China

Measures ordered by public authorities Other : Withdrawal from the market and recall from consumers ordered by the authorities.

Type Consumer

Product Chainsaw KS 58

Brand TIMBERTECH

Type / number of model KS 58

Product description Chainsaw, orange, engine capacity 58 cm³, power 2.6 kW, bar length 50 cm

Risk type Injuries

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product poses a risk of injuries because in the event of kickback by the chainsaw, the chain brake may not activate. The product does not comply with the Machinery Directive and the relevant standard ISO 13772.

Product category Motor vehicles

Type Consumer

Product Passenger car Fluence and Mégane III

Brand Renault

EC-type approval/model The recall concerns vehicles manufactured from 01/10/2009 to 12/02/2010.

Production dates -

Product description Passenger car

Risk type Injuries

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product poses a risk of injuries because there is a risk of contact between the power-assisted steering electrical supply and the steering column universal joint which, in extreme cases, could damage the wiring and result in an unexpected loss of the power steering assistance which could lead to a road accident.

Alert number	<u>0548/11</u>
Notifying country	Greece
Product category	Motor vehicles
Type	Consumer
Product	Passenger car Prius
Brand	Toyota
EC-type approval/model	Prius NHW11. The recall concerns vehicles, produced from 25 January 2000 to 20 May 2003, with VINs in the range JT1 53FU1# #0001001 to #0088335.
Product description	Passenger car.
Risk type	Injuries
Legal provisions (at EU level) and European standards against which the product was tested and did not comply	The product poses a risk of injuries because if the steering wheel is repeatedly and strongly turned to the full-lock position, there is a possibility that the nuts securing the pinion shaft in the steering gearbox assembly may come loose. If the vehicle is continuously operated in this condition, the pinion shaft could become unstable and power generated by the electric motor may not be fully transmitted. This could result in a significantly increased steering effort being needed when making a left turn and could lead to a road accident.

Product Children's set - pistol and dartboard with arrows

Brand Euro-One Hungary

Type / number of model SE208, EAN code: 1354354353541

Product description Children's set: black/silver pistol, dartboard, 6 darts with transparent orange suction cups. Packed in a blister with marking S.W.A.T GUARDEE and others on the black-grey cardboard. Sticker attached to the back includes the following: EAN code, SE208 and a website address.

Risk type Choking

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product poses a risk of choking because the shafts of the darts are not long enough to allow the suction cups to be easily removed from a child's mouth in case of airway obstruction. The product does not comply with the Toy Safety Directive and the relevant European standard EN 71.

Product description	Passenger car
Risk type	Injuries
Legal provisions (at EU level) and European standards against which the product was tested and did not comply	The product poses a risk of injuries because there may be foreign material inside the brake tube which can potentially move into the brake master cylinder. If this occurs, the seal inside the brake master cylinder may become damaged, resulting in a reduction of the braking force and an increase in the brake pedal travel.

Product description Passenger car

Risk type Injuries

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The product poses a risk of injuries because a fuel supply line may be incorrectly manufactured and lead to fuel leakage. In the worst case scenario, the fuel line connection may completely detach and the engine may stall due to there being no fuel supply. This may occur suddenly and without any prior warning to the driver which could cause a road accident.
