Type Consumer

Product Laser pointers

Brand Xu

Type / number of model Unknown

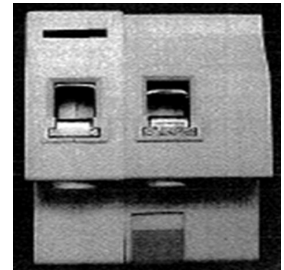

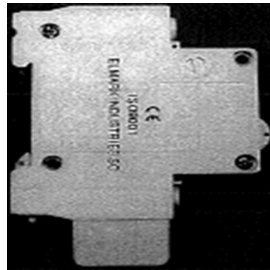

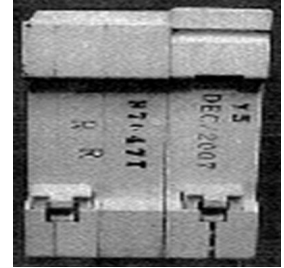

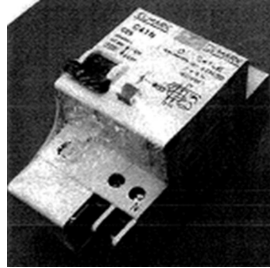

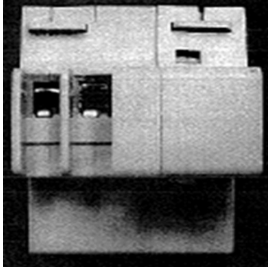

Product description Green laser pointer pen with an adjustable lens. By turning the lens ring, different green laser patterns can be projected. The lens can also be easily removed so that the laser beam becomes a straight beam projecting a small spot.

Risk type Damage to sight

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product poses a risk of damage to sight because they contain lasers that are greater than class 2M.

Product Table lamp

Brand DOLPHIN

Type / number of model Unknown

Product description Electric table lamp. Lampshade has various images for children (dwarfs, sleeping child, clouds, birds) under a transparent plastic dome. Blue cardboard packaging.

Risk type Electric shock

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The product poses a risk of electric shock because:

- Live parts become easily accessible when the bulb is removed.
- It is intended for children but does not have a transformer and is connected directly to the mains. The product does not comply with the Low Voltage Directive (LVD) and the relevant European standard EN 60598.

Product Soothers "Bling Dummies/Soothers"

Brand Various (altered official brands)

Type / number of model Unknown

Product description Dummies from various trademarked soother manufacturers and some unmarked dummies. The products have been altered by the addition of gems being stuck onto the dummies by numerous different non trade persons. No packaging provided.

Risk type Choking

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product poses a risk of choking due to gems detaching and a risk of several gems breaking off together and forming a clump, which could block the airways. Some dummies may have gems partly obscuring the air holes in the soother. In addition, the soothers cannot be boiled to ensure cleanliness. The product does not comply with the relevant European standard EN 1400.
