Brand Unknown

Type / number of model · ref.1602 dia 6cm h 90cm 75 tips · ref.1603 dia 8cm h 120cm 140 tips · ref.1604 dia 10 cm h 150cm 180 tips · ref.1605 dia 10cm h 180cm 320 tips

Product description Artificial Christmas tree with fine green needles.

Risk type Injuries

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product poses a risk of injuries as there are exposed wires at the ends of the branches which could cause injuries to the eyes.

Country of origin People's Republic of China

Alert number 1485/11

Notifying country Germany

Type Consumer

Product Fireworks "Category F2 firework"

Brand KNOCK OUT XXL

Type / number of model Knock Out XXL

Batch number -

Product description Fireworks with a 100-round battery-powered Flowerbed, five simultaneous, loud bangs with a silver bouquet and a very loud round of fire. The product is sold in colourful packaging with a pattern and black print.

Risk type Burns
Damage to hearing

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product poses a risk of damage to hearing because the flashover of the ignition is too fast and the start of the function is almost immediate therefore the protective distance of 8 metres cannot be observed. The product poses a risk of burns because the 100-round firework rocket has two covered fuses instead of ignition cords (leading outwards). The product does not comply with the Directive 2007/23/EC on pyrotechnic articles and the relevant European standard EN 15947.

Product Amber necklace for babies

Brand ECOTENDENCIA

Type / number of model Unknown

Product description The product comes packaged in a transparent bag. The silk thread is knotted between each stone for added safety. The stones are rounded and therefore gentler for the baby's skin. Length: approximately 33 cm.

Risk type Choking

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product poses a risk of choking because the necklace can easily break releasing beads which fit inside the small parts cylinder.

Country of origin Germany

Product Puzzle mat "Child's Eva Puzzle"

Brand La Bolata

Type / number of model REF. 107034 BARCODE 841070341017

Product description Puzzle mat packaged in a thin plastic bag.

Risk type Choking

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The product poses a risk of choking because: - it has small parts which may come loose and could be placed in the mouth and swallowed. - the opening of the packaging is too large and not thick enough so a child could easily have access to small parts. Moreover: - it is intended for children under the age of 3 years whereas the label bears the warning that the toy is not for children under 36 months. - the CE marking is less than 5 mm in height. - no reference is made to the fact that the information on the label should be kept. The product does not comply with the Toy Safety Directive and with the relevant European standard EN 71-1

Type Consumer

Product Insect killer "Mosquito-Stop Racket"

Brand Windhager

Type / number of model Type: WH-VD329-00, EAN code: 9003117033580

Product description The product is in the shape of a tennis racket with an orange/yellow frame. The handle is black. The latter contains a box with 2 batteries type AA of 1.5V and has a red switch and a green control light (LED diode light). The horizontal strings are made from metallic wires. The product is packed in

Risk type Electric shock

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product poses a risk of electric shock because consumers are not appropriately warned against contact with the metallic wires, which are under high voltage, as warnings in the Slovak language to warn consumers are missing. In addition, the material from which the product is made may deform when exposed to heat. The product does not comply with the Low Voltage Directive and the relevant European standard EN 60335.

Product category Lighting equipment

Type Consumer

Product Portable lamp "Fénycsöves szerelőlámpa"

Brand Mentavill

Type / number of model Type: ML-WL8W , Bar Code: 5998282116388

Product description Portable lamp which connects to the mains. Black plastic housing and black end cap with a hook.

Risk type Electric shock

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The product poses a risk of electric shock because:

- Live parts are accessible when the housing is open for lamp replacement.
- The mains supply cable is insulated with PVC instead of the standard polychloroprene. Due to aging, environmental, mechanical, chemical or thermal effects, the cable insulation is not sufficiently resistant, it can be damaged and the live parts of cable can become accessible.
- The supply cable of the lamp is not equipped with cord anchorage therefore it is not protected against pulling and twisting and the live parts of the cable ends may become accessible. The product does not comply with the Low Voltage Directive and the relevant European standard EN 60598.

Type Consumer

Product Baby cot, "Stratford Cot Bed"

Brand Cosatto

Type / number of model Only those with batch dates from 01-09-2005 to 18-03-2009.

Product description Flat-pack wooden cot bed with one drop side and one fixed side (both with slatted with plastic teething rails), in-filled cot ends, one of which is split, slatted mattress base with 3 height settings. Cot converts to child's bed. Approximate external dimensions of cot: height = 1030 mm, length = 145

Risk type Injuries

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product poses a risk of injuries (entrapment and asphyxiation) because when the cot is lifted, a separation of the two (split) end sections can lead to the metal guide rod dropping out of the top drop side bracket or lifting out of the bottom drop side bracket with the rod not reinserting when the cot is placed back on the floor. There is a risk that if the metal guide rod is not re-inserted back into the brackets, the drop side may not be secure. The drop side can disengage from the split cot end and a child may become trapped in the gap between the mattress base and the drop side.
