Product Wooden playpen

Brand BABY MAXI

Type / number of model Wooden playpen Baby Maxi model no. 447;

Batch number 0000004470007

Product description A hexagonal shaped playpen made of wooden elements, fixed together with hex cap joints designed to enable folding and unfolding in various ways. It has a natural pine wood colour and, according to the Polish distributor, is suitable for children aged 6 months – 3 years of age. The product has no bot

Risk type Injuries

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The playpen poses a risk of injuries due to the lack of a bottom element which thus enables a child to move together with the playpen. This could lead to the risk of the child falling downstairs or receiving burns if he/she approaches hot surfaces around the house. In addition, the movable junction (hex cap screws) of the wooden construction poses a risk of entrapment between the elements of the playpen. The product does not comply with the relevant European standard EN 12227.

Product Plastic toy "Solar monkey"

Brand Lesser & Pavey

Type / number of model Barcode 5 010792 197159

Product description Colourful toy monkey on a solar panel base with flowers either side.

Risk type Choking

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product poses a risk of choking because the flowers either side of the monkey are not fixed to the product and could be detached by small children and put in the mouth. The product does not comply with the Toys Directive and with the relevant European standard EN 71-1.

Product Bathtub book "Corentin bathtub book"

Brand Deltas Chantecler

Type / number of model Gencod: 9 789044 723953

Product description Bathtub book made of soft plastic stuffed with foam.

Risk type Choking

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product poses a risk of choking because the foam stuffing can easily be exposed. Children may therefore bite into or tear the book into pieces and then ingest or inhale the stuffing. The product does not comply with the Toys Safety Directive and with the relevant European standard EN 71-1.

Product Chemistry set for children - Focus Junior - Labora

Brand Liscianigiochi

Type / number of model Ref. No 31214

Product description The product consists of two boxes forming part of the same chemistry set, intended for children over 10 years old.

Risk type Chemical

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product poses a chemical risk because it contains the compound potassium thiocyanate (CAS 33-20-0) which is a dangerous reagent. The product does not comply with the Toys Safety Directive and with the relevant European standard EN 71-4.

Product Fryer

Brand Carrefour Home

Type / number of model Model: CDF27-11

Batch number 3608143284713

Product description White, electric deep-fat fryer, 2.5 L, 1800W, 230V, 50Hz.

Risk type Electric shock

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The insulation of the mains cable might be affected as from 850°C. In extreme conditions, the risk could get worse, which may lead to a potential electrical risk. The product does not comply with the Low Voltage Directive (LVD).

Product Soft velvet bear "Deco"

Brand KSD

Batch number 8717427553812 Batch Number: 580061

Product description Soft toy (bear) made from ribbed velvet; available in beige or brown and in two sizes - 30cm and a smaller version.

Risk type Choking

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product poses a risk of choking because the seams of the soft toy are weak and holes can easily form. The stuffing is thus accessible as well as a small bag of balls, which is open, and these balls could be put into the mouth and swallowed. The product does not comply with the Toys Safety Directive and with the relevant European standard EN 71-1.
