Product Scented wax "The Original Fragrance Melt"

Brand Scentchips®

Batch number 8 716516 118765, Item: 251991

Product description Brightly coloured pieces of paraffin wax in a variety of shapes. They resemble confectionery and have a markedly sweet and, in some cases, fruit-like smell.

Risk type Choking

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product resembles confectionery, and both the shape and the sweet smell may result in confusion with foodstuffs. The products can be easily put into the mouth and swallowed. There is a risk of children, in particular, coming within reach of these small pieces and of their curiosity being aroused by the shape and smell. The product does not comply with the Directive 87/357/EEC on products which, appearing to be other than they are, endanger the health or safety of consumers.

3. 5013669955739
4. 5015056363776

Product description 5A, 15A & 30A fuse wire.

Risk type Burns
Fire

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

Incorrect material was used to produce the 5A fuse wire. It should be made of tin-coated copper, however, due to a mix up in the factory, stainless steel wire was used instead. Stainless steel has a different electrical resistance to copper and at normal working current (approximately 2.5A) the fuse wire will glow red hot.

Product Travel adaptor "Conversion Plugs"

Brand FY

Type / number of model Model FY77 Bar code: 8401451355916

Product description White travel adapter/connector packed in blister packaging with a blue and yellow cardboard label.

Risk type Electric shock

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The product poses a risk of electric shock because:

- It is possible to insert one pin of a plug in one hole of a live socket while the other pin of the plug remains accessible.
- It is possible to bypass the shutters protecting the holes and access the internal contacts of the socket.
- The holes in the socket are not sufficiently elastic to ensure correct contact pressure on the pins.
- The resistance of the insulating material to heat is not sufficient.

The product does not comply with the relevant national standard UNE 20315.

Product Body Lotion "Completely Quenched" Moisturising Bod

Brand No7

Type / number of model Item Number: 59-66-280

Batch number 5045095966287 Batch 1KK

Product description Body lotion in plastic 200ml crimped top tube.

Risk type Chemical

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The product poses a chemical risk because a body wash product has been accidentally packaged into tubes of body lotion. The intended use of the body lotion is to leave in contact with the skin without rinsing, whereas the body wash product contained within the body lotion packaging is intended to be rinsed off immediately. There is a small possibility that members of the public may experience a reaction if they leave the body wash in contact with their skin for prolonged periods of time. The product does not comply with the Cosmetics Directive 76/768/EEC

Product Hot water bottle in the shape of a teddy bear

Brand Import Distribution

Type / number of model Unknown

Product description Cuddly toy hot water bottle in the shape of an animal teddy bear, packed in a transparent plastic box of approx. 15 cm.

Risk type Burns

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product poses a risk of burns because the temperature reached by the outer casing of the teddy bear presents a potential risk of burns to children (measured temperature up to 95 C). In addition, in the absence of a seam on one of the soft toy's front legs, the stuffing can be accessed and thus could be ingested or inhaled. The product does not comply with the Toy Safety Directive and with the relevant standards EN 71-1 and BS 8433.
