Product Towels with decoration "Towels"

Brand TESSERA

Type / number of model 11831 and 11829

Product description Towels which have been folded and placed inside containers resembling drinks packed in a plastic goblet with a straw, decorated with food imitating products (sweets, etc) with labels containing information in Bulgarian.

Risk type Choking

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product poses a risk of choking as, due to its characteristic form, colour and size, it may be mistaken for foodstuff. This may lead children to put pieces in their mouth, suck or ingest them, which could entail the risk of choking. The products do not comply with the Directive 87/357/EEC on products which, appearing to be other than they are, endanger the health or safety of consumers.

Product Black Henna (hair dye)

Brand Afrin's

Type / number of model

Batch number 8906010540036

Product description Printed outer carton containing six printed paper pouches, each with a welded, laminated aluminium foil sachet and instructions. Each foil sachet contains a further individual printed laminated foil pouch containing 10g of the product.

Risk type Chemical

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product poses a chemical risk because it contains 10.9% of Para phenylenediamine (PPD) which is classified as potentially harmful to health. Oxidation hair dyes contain what are known as coupler substances, which bind the PPD and prevent any further reaction which would produce substances harmful to health. Because of the lack of coupler substances, this product is not an oxidising hair dye, for which the addition of PPD is permissible only up to a certain concentration under the Cosmetics Regulation.
