Product description	Camper van.
Risk type	Injuries
Legal provisions (at EU level) and European standards against which the product was tested and did not comply	The screw attachment of the two seatbelts between the seats of the pull-out bench in the vehicle living area is incorrectly installed. Instead of the steel angle provided, only the weld spots of the nut hold the belt end-point in place. The nut could break off under stress, leaving the belts loose and useless.

Product	Toy air gun "AK-47, Black Guard"
Brand	YIKA
Type / number of model	AK-47, Black Guard
Product description	Toy air gun with light and laser sight, including plastic bullets.
Risk type	Injuries
Legal provisions (at EU level) and European standards against which the product was tested and did not comply	The product poses a risk of injuries because the maximum permissible kinetic energy level of the bullets is exceeded. Hence there is a serious danger of external injuries, and sensitive areas such as the face and above all the eyes are particularly at risk. The product does not comply with the Toys Safety Directive and with the relevant European standard EN 71-1.

Product Cleaning product "Badkamer cleaner extra krachtig"

Brand De Jong & Partners

Type / number of model

Batch number 8717496472045

Product description The flacon is fitted with a spraying device. Content 750 ml. The product contains phosphoric acid. On the back there are some brief instructions in Dutch, German, English and French language.

Risk type Chemical

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product poses a chemical risk and risk of burns because it contains an acidic solution with pH value 1,3. The product must therefore be classified as "Corrosive"; nevertheless, there is no pictogram "C" on the label and the labelling with risk and safety warnings is incorrect. The packaging has no child-resistant closure and there is no tactile warning. The user therefore has no indication on the serious danger of this acidic product when it comes into contact with the skin or eyes. And, in particular, there is a risk to young children due to the absence of a child-resistant closure, and to visually

impaired consumers due to the absence of a tactile warning. The product does not comply with the Regulation on the classification, labelling and packaging of substances and mixtures (CLP), with the Dangerous Preparations Directive (1999/45/EC).
