Product Children's clothing set

Name Unknown

Brand Sweet Girl

Type / number of model GS 1201

Batch number 2200000079633

Product description Children's clothing set in grey colour, consisting of 2 pieces - a pair of trousers and a sweatshirt - intended for children up to 6 years old. The sweatshirt has a hood which has a cord. The trousers have drawstrings in the waist area the length of which is more than 14 cm.

Risk type Injuries
Strangulation

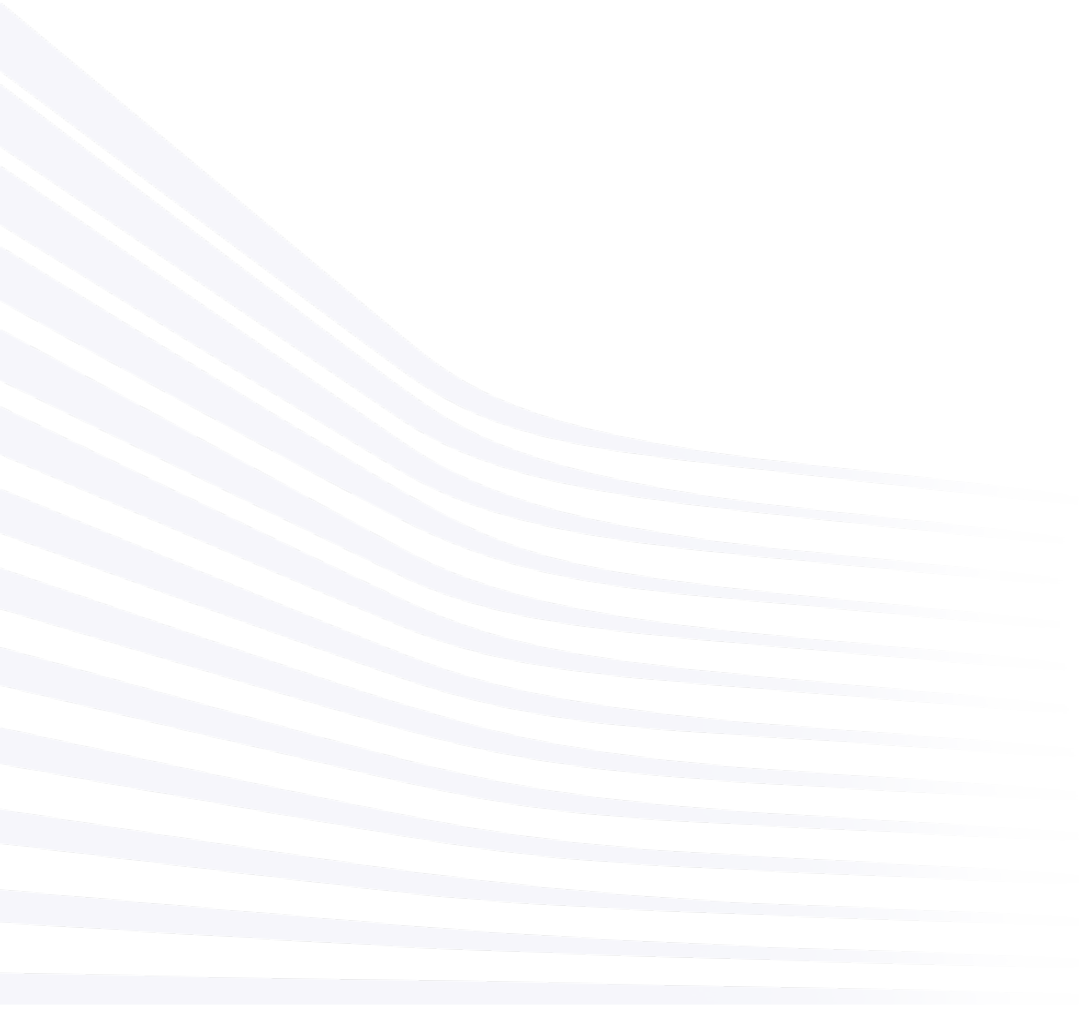

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product poses a risk of injuries and strangulation due to the presence of drawstrings in the hood and the waist area. The product does not comply with the relevant European standard EN 14682.

Country of origin People's Republic of China

Alert number	<u>A12/1387/12</u>
Notifying country	Greece
Product category	Motor vehicles
Type	Consumer
Product	Passenger car
Name	Antara
Brand	Opel
Production dates	-
Product description	The recall concerns 2007 to 2010 model year vehicles, with VINs from 7 0 005553 to 8 0 266540 and from 9 B 261462 to A B 012397 Passenger car
Risk type	Injuries
Legal provisions (at EU level) and European standards against which the product was tested and did not comply	Incorrect brake fluid might cause corrosion in the hydraulic ABS unit leading to a sticking valve and resulting in a longer brake pedal travel and a longer stopping distance, which may cause an accident, resulting in injuries to the passengers.

Product Gas detector / alarm

Name Natural Gas Alarm

Brand Mentavill

Type / number of model SG-2008V SG-2008EX

Batch number 5 998282 131893 5 998282 131251

Product description Propane-butane, methane or natural gas detector / alarm. Green, red and yellow LEDs indicate the operating modes: power, alarm, fault. Packaging: cardboard box

Risk type Electric shock

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The product poses a risk of electric shock because:

- The accessible basic insulated wires can come into contact with the sharp edges of metal the parts. In case of damage to the insulation, live metal parts can become accessible.
- The supply cable of the product is not equipped with a cord anchorage and therefore it is not protected against pulling and twisting which could result in the live cable end becoming accessible.
- The insulation resistance between the primary and secondary circuits is not sufficient. The product

does not comply with the Low Voltage Directive (LVD) and the relevant European standard EN 60335.

Product Radio controlled helicopter

Name Volitation High Speed

Brand Double Horse

Type / number of model 9053

Batch number Unknown

Product description Radio-controlled helicopter with charger and control unit. Packaging: polystyrene inner with card outer featuring two clear windows showing product. The model number of the charger is HJ-EI-041.

Risk type Electric shock
Fire

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The power supply unit poses a risk of electric shock and fire because: · The internal connections rely upon solder to maintain their position. A loose wire could reduce creepage distances and clearances. · It is not designed or manufactured to withstand foreseeable overloads. · It has inadequately sized pins which could cause damage to the socket resulting in overheating or arcing. The product does

not comply with the Low Voltage Directive (LVD) and the relevant European standard EN 61558 and the relevant national standard BS 1361.
