Product description

Oil torch, comprised of a bamboo stick with a fuel tank on one end and a decorative doll. No instructions for use.

Risk type

**Burns
Fire**

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The product poses a risk of burns and fire because the fuel tank leaks and the lamp has not been supplied with a mechanism protecting the wick. The product has an attached doll which could make it attractive for children who have access to the lamp. In addition, warnings and marking required by the standard are missing. The product does not comply with the relevant European standard EN 14059.

Product description **A 2 litre capacity, cordless, silver metal, electric kettle with a black plastic handle and lid. The base connector (on which the kettle sits) has a plug with flat bladed pins. Accompanying the kettle is a three pin travel adaptor to enable the kettle to be fitted to a UK socket. A sticker is attach**

Electric shock

Risk type

Fire

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The travel adaptor supplied with the product poses a risk of electric shock and fire because: - the holes for the pins are not provided with shutters; - the poor design of the connection between the socket contacts and their associated pins results in an inadequate electrical contact that would overheat. One incident reported. The product does not comply with the relevant national standard.
