Product Soft toy

Name Unknown

Brand Unknown

Type / number of model Unknown

Batch number 8 300805 086530

Product description Yellow and green chicken shaped soft toys with a suction cup and with a heart shaped sticker mentioning "I LOVE YOU".

Risk type Choking

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product poses a risk of choking because it contains small parts that can be easily detached. In addition, the safety instructions are missing. The product does not comply with the Toys Safety Directive and with the relevant European standard EN 71-1.

Country of origin Unknown

Product category Toys

Type Consumer

Product Radio-controlled toy

Name Unknowan

Brand Micro Ufo Channel

Type / number of model 358-56

Batch number Unknown

Product description The toy is packed in a cardboard box with information in English; it is battery-operated (batteries provided); inside it have a flying saucer and a remote control.

Risk type Chemical Injuries

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The products pose a chemical risk because the toy contains the phthalates DEHP/DBP/BBP, and DINP/DIDP/DNOP above the permitted limit. The ring around the rotating blades breaks easily and the breakage provides access to the corners of the LED plate, which have sharp points, and therefore could cause injuries. According to the REACH Regulation, the phthalates DEHP, DBP and BBP are prohibited in all toys and childcare articles, while phthalates DINP, DIDP and DNOP are

prohibited in toys or childcare articles that can be placed in the mouth by children. The product does not comply with the Toys Safety Directive and with the relevant European standard EN 71-1.

Product Glass oil lamp

Name Pumpkin Oil Lamp

Brand BRANDS scandinavia

Type / number of model Unknown

Batch number 6430013249976

Product description One piece glass, oil lamp which also acts as an oil container (volume 5 dl). There is a hole on top with a glass stopper which acts as a wick-holder and also closes the lamp. The wick is a mesh.

Risk type Chemical
Fire

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product poses: - a risk of fire because the filler cap of the lamp, which is also the wick-guard of the lamp, is completely loose and therefore the lamp leaks when tilted at 90 degrees. - a chemical risk because the structure makes the wick easily accessible to children. The filler cap on the oil container is not childproof. Small children can put the wick in their mouths and ingest lamp oil. The product does not comply with the

relevant European standard EN 14059.
