Product Set of babies' garments

Name Unknown

Brand Lingtong

Type / number of model YL-LT-0994

Batch number 6924235450031

Product description Set of baby clothes, consisting of matching trousers and tops. Description of the packaging: plastic bags and cardboard boxes. Size tables are shown on the labels and on the boxes in Chinese.

Risk type
Choking
Strangulation

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The products pose a risk of choking because they contain small parts (the buttons) that may easily detach and be swallowed by small children. The products pose the risk of strangulation due to the presence of cords in the chest area which are too long. The products do not comply with the relevant national standard UNE 40902 and the relevant European standard EN 14682.

Product Bicycle light

Name Unknown

Brand Cree XM-L

Type / number of model T6 LED HEADLAMP

Batch number Unknown

Product description A rechargeable bicycle light / head lamp with mains adaptor. Supplied with a 2-pin plug adaptor that plugs into a UK 3-pin wall plug.

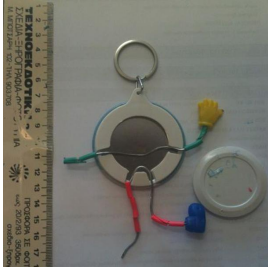

Risk type Electric shock

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The distance between the pins and the edge of the plug adaptor is too small. When plugging the two-pin mains adaptor into the plug adaptor, there is a risk of the user touching live parts due to the lack of insulation on the pins of the mains adaptor. The plug adaptor does not have a fuse and the socket contacts are not screened by shutters. The product does not comply with the Low Voltage Directive and the relevant European standard EN 60065 and the relevant national standard.

Risk type Electric shock
Fire

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The internal connections rely upon solder to maintain their position: a loose wire could reduce creepage distances and clearances with the risk of fire or electric shock. The pins are inadequately sized which could cause damage to the socket, with the risk of overheating or arcing within the socket. The product does not comply with the Low Voltage Directive and the relevant European standard EN 61558 and the relevant national standard.
