Product description

Men's footwear with synthetic upper and sole. The composition of the lining is textile/leather, the insole being leather. Packaging: cardboard box bearing the "LALIKAER" brand name and indicating the model number and colour.

Risk type

Chemical

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The product poses a chemical risk because various parts of the shoes contain between 15.5 to 33.5 mg/kg Chromium (VI). Chromium (VI) is classified as sensitising and may trigger allergic reactions.
