Product Power supply

Name Notebook adapter

Brand basicXL

Type / number of model BXL-NBT-HP02

Batch number 5 412810 149476

Product description Power supply unit for notebook. Sold in a white/yellow cardboard box. Technical specification: Input: 100-240V, 50/60Hz, class II equipment Output: 18,5V, 3,5A, 65W

Risk type Electric shock

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The electrical insulation and the clearances / creepage distances between the primary and secondary printed circuits are not sufficient. The product does not comply with the Low Voltage Directive and the relevant European standard EN 60950.

Product Children's blankets

Name Unknown

Brand Laura Ashley

Type / number of model References 3516623 and 3516624

Batch number Unknown

Product description Children's fleece blankets. The boys' model has red, white, light blue and dark blue stripes, rounded corners and the whole edge is blanket-stitched with dark blue thread. It has a Laura Ashley label and the ref. 3516623. The girls' model is pink with cream and white stripes. It is blanket-stitched.

Risk type Choking

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product poses a risk of choking because the stitching around the edges of some batches has not been finished off correctly. The threads could therefore come loose and be swallowed by children.

Product Lighting chain

Name Happy Diwali Light 300L

Brand Unknown

Type / number of model 300L

Batch number 6 332612 881055

Product description The lighting chain is made up of serial-parallel connected, non-replaceable, miniature lamps (300 pcs according to the description on the package but in fact there are 301 pcs). The miniature lamps are red, yellow, green, and blue. The product can be operated by a flashing switch and control unit. M

Risk type Burns
Electric shock

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product poses a risk of burns, electric shock because: - The cross-section area of the external wires is not sufficient and the wires could consequently overheat. - The wire ends soldered to the terminals of the control unit are not adequately protected against pulling and twisting and live metal parts could consequently become accessible. - The

accessible wires have only basic insulation and they come into contact with the sharp edges of the flashing switch and control unit. - The dimensions of the plug are substantially less than required and therefore the user may touch the pin of the plug during connection. - The insulation resistance is not sufficient. The product does not comply with the Low Voltage Directive and the relevant European standard EN 60598.

Product	Passenger car
Name	Transit and Transit Custom
Brand	Ford
EC-type approval/model	Transit and Transit Custom (Recall Ref: 2C498)
Production dates	unknown
Product description	The recall concerns Transit and Transit Custom vehicles, produced between 08.10.2012 and 06.02.2013 in Kocaeli, Turkey, and Transit vehicles, produced between 28.09.2012 and 06.02.2013 in Southampton, UK.
Risk type	Injuries
Legal provisions (at EU level) and European standards against which the product was tested and did not comply	The vehicles pose the risk of injuries because they have been fitted with a brake pedal pin retaining "R" clip which does not meet material specification. Spring tension of the clip will be reduced. As a result, there is the possibility that the clip could come off, allowing the brake pedal to detach from the brake booster push rod. This would result in loss of brake actuation and could lead to an accident.
