Product Set of two plastic figures

Name Childrens

Brand Unknown

Type / number of model 92868

Batch number 7350022928688

Product description Two soft plastic bears, one yellow with a red shirt and one pink, packed in a plastic, transparent bag.

Risk type Chemical
Environment

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product poses a chemical risk because the yellow bear contains up to 5.1 % by weight of bis (2-ethylhexyl) phthalate (DEHP). The bear also contains 29 % by weight of di-"isobutyl" phthalate (DIBP) . The product poses environmental risk (chemical pollution) due to the presence of 8.3 % short chain chlorinated paraffin (SCCP). According to the REACH Regulation, the phthalates DEHP, DBP and BBP are prohibited in all toys and childcare articles, while phthalates DINP, DIDP and DNOP are prohibited in toys or childcare articles that can

be placed in the mouth by children. The product does not comply with the Commission Regulation 519/2012 on persistent organic pollutants (POP Regulation).

Product Fancy dress set

Name Pirate set

Brand Unknown

Type / number of model 18020

Batch number Unknown

Product description Pirate fancy dress set comprising a plastic toy knife, an eye pad, a red scarf, a vest and a belt in black imitation leather.

Risk type Chemical
Environment

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product poses a chemical risk because the vest contains up to 20 % by weight of di-2-ethylhexyl phthalate (DEHP), up to 0.17 % by weight of diisodecyl phthalate (DIDP), up to 0.85 % by weight of diisononyl phthalate (DINP). In addition, the belt contains up to 17 % by weight of DEHP. The product poses environmental risk (chemical pollution) due to the presence of up to 0.28 % by weight of short chain chlorinated paraffins (SCCP) in the belt and up to 0.19 % by weight of short chain chlorinated paraffins (SCCP) in the vest. According

to the REACH Regulation the phthalates DEHP, DBP and BBP are prohibited in all toys and childcare articles, while phthalates DINP, DIDP and DNOP are prohibited in toys or childcare articles that can be placed in the mouth by children. The product does not comply with the Commission Regulation 519/2012 on persistent organic pollutants (POP Regulation).

Product description Battery-operated soft toy in the shape of a cockerel. The packaging consists of transparent plastic wrapping and a label with various details.

Risk type Burns
Chemical
Choking

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product poses: - A risk of choking because it contains small parts that can be swallowed or inhaled by children. - A risk of burns because the short-circuit of the C2 electrolytic capacitor (100 μ F) on the printed circuit board causes the batteries to overheat above the permitted limit. - A chemical risk because the PVC electrical cables contain 10.9 % by weight of bis (2-ethylhexyl) phthalate (DEHP). The product

does not comply with the Toy Safety Directive and the relevant European standard EN 71-1 and EN 62115. According to the REACH Regulation the phthalates DEHP, DBP and BBP are prohibited in all toys and childcare articles, while phthalates DINP, DIDP and DNOP are prohibited in toys or childcare articles that can be placed in the mouth by children.

Product description Rechargeable torch with 19+28 LEDs. The housing of the rechargeable torch is made of white plastic, with a black operating button and a red charge indicator lamp. The battery can be charged with a built-in mains supply cord. Packaged in a colourful cardboard box.

Risk type Electric shock
Fire

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The product poses a risk of fire and electric shock because:

- The cross-sectional area of the cores in the mains supply cord is not sufficient. In case of a short circuit the wires may overheat and could cause a fire.
- The dimensions of the plug are less than required therefore the user may touch the pin of the plug during connection.
- The wire ends of the

mains supply cord are not adequately protected against pulling and twisting and they may therefore become free and accessible. · The storage compartment of the mains has sharp edges. In case of damage to the cord, live parts could become accessible. · The protective cover for the LED panel can be removed by hand during charging, resulting in live parts becoming accessible. The product does not comply with the Low Voltage Directive and the relevant European standard EN 60598.
