Product Rattle set

Name Baby Sway Bell

Brand Beile

Type / number of model Unknown

Batch number 4004-3

Product description The package contains four baby rattles in the shape of a foot, a hand, a round rattle and a face with wings. They are made of brittle plastic with spinning balls containing small beads. Colours: purple, blue, green and pink. Packed in a transparent plastic bag closed with a colour printed card marke

Risk type Choking

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product poses a risk of choking because it can easily break releasing small parts which can be swallowed by small children. In addition, the product contains contradictory age warnings on the package. The product does not comply with the Toy Safety Directive and the relevant European standard EN 71-1.

Product Digital camera

Name ZX5

Brand Kodak

Type / number of model ZX5 (all colours)

Batch number Unknown

Product description Digital camera supplied with a plastic USB mains power supply with a 3-pin plug. Details of the power supply: model number A1299, "Power Adaptor", Emerson Network Power (MAY BE COUNTERFEIT). The power supply was not originally packaged by Kodak.

Risk type Electric shock
Fire

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The top of the power supply is only clipped in place without any retaining screw. The user may thus access live parts. The power supply may also overheat during use. One incident reported. The product does not comply with the Low Voltage Directive.

2. 12 tone strawberry qin

Brand IOEN

Type / number of model HXD001
HXD002
HXD003

Batch number 6296681902885

Product description 5, 8 and 12-note xylophones. One is mounted on a truck.
Packaging: a cardboard box marked 'Wooden Toys'.

Risk type Choking
Strangulation

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The products pose the risk of choking because they generate small parts which may easily be swallowed by a child. The cord on the toy xylophone-truck is too long and may therefore pose a risk of strangulation. The product does not comply with the Toys Directive and with the relevant European standard EN 71-1.

Risk type Electric shock
Fire

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The product poses a risk of electric shock and fire because: -
The adaptor has not been designed and manufactured to ensure protection against foreseeable hazards. The internal connections rely upon solder to maintain their position. A loose wire could reduce creepage distances and clearances. -
The adaptor has inadequately sized pins and excessive force is required to insert and remove the adaptor from a

socket. As a result, this could cause mechanical damage to the adaptor and the user may have access to live parts. In addition, the product is inadequately marked and is not provided with instructions for use. The product does not comply with the Low Voltage Directive, with the relevant European Standard EN 61558 and with the British Standard 1363.

Product Magnetic Toy

Name How to...? Magnetic Brainpuzzle

Brand Neoclicks

Type / number of model Magnetic brain puzzle book with magnetic spheres;

Batch number 9789081897105, ISBN 978-90-818971-0-5

Product description Black book with 216 magnetic, metal spheres on the front and a split card. The black package contains the name in red: "How to...?" and bears the age warning for children under 3 years.

Risk type Injuries

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product poses a risk of choking because small parts can easily be swallowed by children. In addition, the product poses a risk of injuries (intestinal blockage) because the magnets have a high magnetic flux value and if more than one small magnet is swallowed they can be attracted to one another through the gut wall, causing perforation or blockage. The product does not comply with the Toy Safety Directive and with the relevant European standard EN71-1.
