Product Tattoo ink

Name Sumi Black

Brand Universal Black

Type / number of model Item Code 13296

Batch number Use-by date: 12/2015

Product description Small glass bottle with screw cap; black liquid

Risk type Chemical

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product poses a chemical risk because it contains polycyclic aromatic hydrocarbons (PAH), with a benzo[a]pyrene content of 1151 µg/kg, which is classified as carcinogenic. According to the Council of Europe Resolution ResAP (2008) on requirements and criteria for the safety of tattoos and permanent make-up, polycyclic aromatic hydrocarbons may not exceed a certain concentration. The level of PAH detected in the sample exceeded that level.

Product Candles

Name Unknown

Brand Jumbo

Type / number of model ZC94-1

Batch number 0261973000033

Product description A candle in the form of a tangerine sliced into two halves – the consumer packaging consists of 6 candles. On the packaging there is a label with the following information: “Importer for Bulgaria: Jumbo”. The label does not contain any information about the producer.

Risk type Choking

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product poses a risk of choking as, due to its characteristic form, colour and size (sliced tangerine), it may be mistaken for foodstuff. This may lead children to put pieces in their mouth, suck or ingest them, which could entail the risk of choking. The products do not comply with the Directive 87/357/EEC on products which, appearing to be other than they are, endanger the health or safety of consumers.
