Product category Lighting chains

Type Consumer

Product Lighting chain

Name Multi function 180L rice light

Brand Unknown

Type / number of model Unknown

Batch number 6 901022 235200

Product description A lighting chain with approximately 180 miniature lamps in red, yellow, green, and blue colours. Packaged in a cardboard box.

Risk type Electric shock

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product poses a risk of electric shock because: - The wire ends soldered to the terminals of the control unit and the rice lamps are not adequately protected against pulling and twisting. - The accessible wires have only basic insulation and they come into contact with sharp edges of flashing switch and control unit. In case of damage, the live metal wires become accessible. - The dimensions of the plug are substantially less than required therefore the user may touch the pin of the plug during connection. The product does not

comply with the Low Voltage Directive and the relevant European standard EN 60598.

Risk type Electric shock
Fire

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product poses a risk of electric shock and fire because: - The cross-sectional area of the external and internal wires is not sufficient and the wires could overheat. - The accessible basic insulated wires can be damaged and the lampholder contacts are not reliably secured, therefore the live wires may become accessible. - The plastic lamp holders are not sufficiently heat and flame resistant. The product does not comply with the Low Voltage Directive and the relevant

European standard EN 60598.
