Product category Toys

Type Consumer

Product Pull-along toy

Name Unknown

Brand Aguila de Oro Toys

Type / number of model HXB007 / 0

Batch number 6296681902984

Product description Wooden pull-along figurine in the shape of a snail with a cord with free end. The product is packed in a plastic bag with an adhesive label bearing information on importer's details, CE marking, barcode, country of origin and age restriction symbol.

Risk type Strangulation

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The cord of the toy, which is made of individual threads, easily unravels and as a result becomes longer, exceeding the permitted length and easing the formation of knots, which could pose a risk of strangulation to small children. The product does not comply with the Toy Safety Directive and with the relevant European standard EN 71-1.

Product Ethanol burner

Name Decofire Tobago

Brand Heissner

Type / number of model Unknown

Batch number EAN code 4006873302094

Product description Bio-ethanol burner in a cardboard box

Risk type Burns
Fire

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

There are insufficient warnings and markings on the product to warn the user against refilling the burner with ethanol fuel when there are flames or when the surfaces are still hot. The user may not see the (small) flames or may not be aware that the surfaces are still very hot. When refilling the burner in such a situation, there is a risk that the fuel that is poured in will ignite. Furthermore, the burner is unstable and can tilt. The product does not comply with the national standard DIN 4734-1.

silicone

Risk type
Chemical
Choking

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The product poses a risk of choking and a chemical risk because the button cell compartment can be easily opened without using a tool and the button cells may then become accessible to children. The plastic shell can also easily break giving access to the button batteries, the LED lamp and other plastic parts which can be put in the mouth and swallowed by small children. One incident reported. The product does not comply with the Toy Safety Directive and the relevant European standards EN71-1 and EN 62115.

Product Toy drum

Name Tambur musical

Brand Rama Tritton

Type / number of model Ref. 90406

Batch number 8436019690406

Product description The toy drum is sold in a transparent plastic bag bearing a label indicating the importer's and manufacturer's details.

Risk type Choking

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product poses a risk of choking because it contains detachable small parts that can be swallowed by small children. The product does not comply with the Toy Safety Directive and the relevant European standard EN 71-1.

Product Rattle set

Name Learning fun

Brand Beilexing

Type / number of model 194 - 34686 C / RDOS

Batch number 8435010934687

Product description The product contains 8 pieces and is sold in a cardboard box with a display window. The packaging contains contradictory information because it indicates that the product is suitable for children over the age of 6 months, yet also bears the age-restriction symbol for children under the age of 3.

Risk type Choking

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product poses a risk of choking because small parts (the little bells) can easily detach and be swallowed by small children. The product does not comply with the Toy Safety Directive and the relevant European standard EN 71-1.

Product Strong magnet toy

Name Rattlers - The Powerful Magnets

Brand Robetoy AB

Type / number of model Unknown

Batch number Barcode: 7300009505531
Batch: 20111028

Product description Two strong, ellipsoidal magnets presented in a blister on green card. The package contains instructions for use, age warning and the name of the importer on the backside.

Risk type Injuries

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product poses a risk of injuries because the magnets have a magnetic flux index higher than the permitted level and they could cause intestinal perforation and blockage if swallowed by a child. The product does not comply with the Toy Safety Directive and with the relevant European standard EN 71-1.
