Notifying country Spain

Product category Toys

Type Consumer

Product Spinning tops

Name Unknown

Brand Banda Oriental

Type / number of model 10417

Batch number Unknown

Product description Luminous plastic spinning top, with a switch and an adjustable piece which makes the top fly off like a shot, emitting coloured lights. They contain button batteries. Description of packaging: Spinning top presented in plastic bags without labelling of any kind.

Risk type Chemical  
Choking

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product poses a choking and chemical risk because the button batteries may become accessible. As a result, children may put them in the mouth and swallow them. The product does not comply with the Toys Safety Directive and the relevant European standard EN 71-1 and UNE 62115

Country of origin      People's Republic of China

Measures ordered by public authorities      Import rejected at border  
Other

Date of entry into force      27/03/2013

Type Consumer

Product Wind-up toy

Name Unknown

Brand Ao Hua

Type / number of model code 8031A

Batch number 0000011303251

Product description Wind-up, plastic, multicoloured fish on three wheels with a spin mechanism. The toy is packed in a pink egg-shaped plastic jar in two parts with a rectangular hole at the top. When the start key is turned, the fish opens its mouth and the tail moves.

Risk type Choking

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product poses a risk of choking because it contains small parts (the fish tail and wheels) which can be easily broken, detached and can be swallowed by small children. The product does not comply with the Toy Safety Directive and the relevant European standard EN 71-1.

Country of origin      People's Republic of China

Product category Toys

Type Consumer

Product Soft toy

Name Unknown

Brand Paul

Type / number of model Réf. 4714

Batch number Unknown

Product description Soft fabric toy in the form of a duckling with a yellow plush body and an orange fabric beak.

Risk type Choking

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product poses a risk of choking because it has an opening at the neck where the seams are visible. A child could put its finger into this opening, remove the fibrous material used to stuff the toy and put it into the mouth. The fibrous stuffing can get caught in the child's larynx and block the respiratory tracts.

Risk type Injuries

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

There may be some condensation in certain battery packs. During use, the condensate may form a liquid and this could, on contact with the internal cells, cause a short-circuit that would immediately evaporate the liquid within the sealed unit, raising the internal temperature to a point where the liquid would be forced out under pressure and at a high temperature. This could lead to a road accident if it happened while the user is riding the motorcycle.
