Notifying country **Hungary**

Product category **Toys**

Type **Consumer**

Product **Expanding toys**

Name **Dinosaur Egg, Chelonian Egg**

Brand **Unknown**

Type / number of model **Unknown**

Batch number **Unknown**

Product description **Plastic egg in transparent plastic packaging. The egg contains an expanding toy.**

Risk type **Choking  
Health risk / other**

Legal provisions (at EU level) and European standards against which the product was tested and did not comply **Small parts can break off from the toy which expand when soaked. If they are ingested by child they could cause fatal occlusion of the digestive system. The product does not comply with the Toy Safety Directive and the relevant European standard EN 71-1.**

Country of origin **People's Republic of China**

Measures ordered by public authorities **Import rejected at border

Product **Tattoo ink**

Name **Dark brown**

Brand **Eternal Ink**

Type / number of model **Dark brown, 30ml**

Batch number **Batch: E25  
Lot: 124**

Product description **Brown tattoo ink, viscous, 30 ml PET bottle with application nozzle.**

Risk type **Chemical**

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

**The product poses a chemical risk because it contains 12.3 mg/kg of nickel, 0.31 mg/kg cadmium and 14.0 mg/kg arsenic. According to ResAP (2008) 1, nickel levels in tattoo inks must be as low as technically achievable as nickel has a high allergenic potential. The application under the skin of tattoo inks containing nickel results in permanent contact with a sensitising allergen. The cadmium content also exceeds the recommended level of 0.2 mg/kg specified in the EU Resolution Res AP (2008) 1. Finally, the arsenic level detected in the sample exceeds the level of 2 mg/kg recommended in Resolution ResAP (2008) 1.**

Product description **Decorative imitation fruit, packed in cardboard boxes.**

Risk type **Choking**

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

**The shape, colour, appearance and size of the product is such that vulnerable consumers, such as children, may confuse them with real fruit. When bitten into, parts may become detached and these could be ingested, with a consequent risk of choking. The product can break easily and small parts can become detached when scratched with a fingernail. The product does not comply with the Directive 87/357/EEC on products which, appearing to be other than they are, endanger the health or safety of consumers.**
