Product Amber necklace for babies

Name Unknown

Brand Natalex

Type / number of model Unknown

Batch number COL BEBE AMBRE 71032590

Product description Necklace made of small amber beads of different colours. The beads are fixed on a textile cord which can be closed by a threaded mechanism (screw clasp). The necklace is intended for children under 36 months and is supposed to have soothing qualities, especially during teething. The necklace is p

Risk type Choking
Strangulation

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product poses a risk of choking because it can easily break, releasing beads which could be put in the mouth by small children, get stuck and block the airways flow. The length of the amber necklace is too long and may get caught on objects leading to a strangulation risk for young children.

Product description Yellow and blue bicycle for young children decorated with cartoon characters such as "Pooh Bear". There is marking on the frame "Springtime fun" and on the chain-guard "bounce". The bicycle is equipped with two small stabilisers. THE PRODUCT MAY BE COUNTERFEIT

Risk type Injuries

Legal provisions (at EU level) and European standards against which the product was tested and did not comply This product poses a risk of injuries because: - the handlebar grips have insufficiently extended and covered ends (the child's hands may slip from the handlebars), - visible cracks occur on pedals during use, - the saddle can easily break from the saddle tube, - the stabilization wheels do not meet requirements. The above-mentioned failings could result in the child falling from the bicycle. This product does not

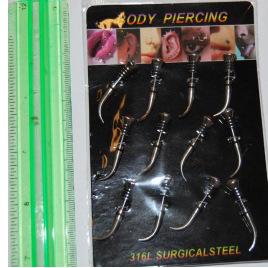

comply with the relevant European standard EN 14765.

Batch number 2000000005249

Product description Bath salts in the form of scented mini-cakes in 9 varieties.

Risk type Choking

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product poses a risk of choking because it has detachable small parts and, due to its characteristic form, appearance, colour and size, the product may be mistaken for a foodstuff and placed in the mouth. The product does not comply with the Directive 87/357/EEC on products which, appearing to be other than they are, endanger the health or safety of consumers.

Risk type	Choking
Legal provisions (at EU level) and European standards against which the product was tested and did not comply	The product poses a risk of choking as, due to its characteristic form, colour and size, it may be mistaken for foodstuff. This may lead children to put pieces in their mouth, suck or ingest them, which could entail the risk of choking. The products do not comply with the Directive 87/357/EEC on products which, appearing to be other than they are, endanger the health or safety of consumers

Brand Pool School

Type / number of model XL-0092

Batch number 6915574400924

Product description Children's inflatable, safety vest in yellow colour, size: 58 x 48cm, intended for children weighing up to 25 kg. On the front there are inscriptions in a foreign language: STEP A, B, C, POOL SCHOOL™, STEP B, SWIM VEST; at the back there are warnings in English. There are also three valves with th

Risk type Drowning

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product poses a risk of drowning because the inflatable safety vest has three individual circles to be inflated with three valves; two of the valves are not reciprocating and allow free air leakage while the requirement states that the valves and stoppers shall be reciprocating and allow controlled reduction of pressure. Furthermore, the product does not contain the necessary warnings and instructions for use. The

product does not comply with the Personal Protective Equipment Directive and with the relevant European standard EN 13138-1.

On the product there is a red LED charging indicator. The accessories to the product are scissors, comb, cleaning brush and lubricating oil. The produ

Risk type Burns
Electric shock

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product poses a risk of electric shock because: - the cross section area of the wire of the charger is insufficient; - the pins of the plugs are easily accessible. There is a risk of burns due to the internal wires overheating in case of short-circuit. The product does not comply with the Low Voltage Directive and the relevant European standard EN 60335.

Type Consumer

Product Battery-operated toy

Name NO.HD932

Brand Handa, Cartoon Dodgems

Type / number of model Unknown

Batch number Unknown

Product description Toy car sold in a cardboard box.

Risk type Chemical
Choking

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The product poses a chemical risk because the battery compartment can be opened easily, and can also open when the toy falls, making the batteries accessible. Children could therefore put them in their mouth with the risk of getting in contact with the chemical substance. The product poses the risk of choking because small parts can come loose from the product and can be swallowed or inhaled by small children. The product does not comply with the Toy Safety Directive and the European standard EN 62115.
