Product Travel adaptor

Name Chargeur secteur (connectique micro -USB)

Brand Samsung

Type / number of model Model No.: ATADU10EBE Sserial No.: RT7C824OS/7-B /

Batch number 8 808987 765194

Product description Mains charger for a mobile phone.

Risk type Electric shock
Fire

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

A supplementary fastening on the various soldered connections of the secondary circuits is missing from the adaptor and if a wire disconnects, there is a risk of electric shock to the user, because the creepage distances and the clearances of reinforced insulation may be reduced. The product poses the risk of fire, because the creepage distances and clearances of the functional insulation may be reduced. The product does not comply with the Low Voltage Directive and the relevant European standard EN 60950.

Batch number Batch n°: 354203, Barcode: 5 998791 197236; 5 998791 197243

Product description The lighting chains include serial-parallel connected non-replaceable, 192, blue LED lamps in the first model and red lights in the second. The products can be operated with flashing switch and control unit (8 functions). The main parts of the lighting chains are: two-pin plug ("2.5A 250V"); bipolar

Risk type Burns
Electric shock

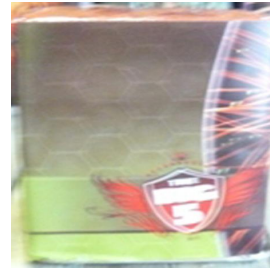

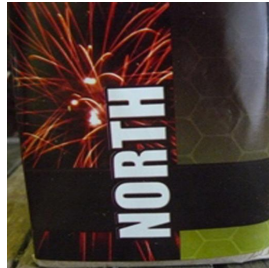

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The products pose a risk of electric shock because: - The cross-section area of the external and internal wires is not sufficient and the wires could consequently overheat. - The mechanical strength of the flashing unit is not sufficient and its cover can be fragmented, resulting in accessible live parts. - The dimensions of the plug are insufficient therefore the

user may touch the pin of the plug during connection. -The structure of the swinging socket outlet enables single-pole insertion of plugs and the live parts of the free remaining pin are accessible. - The decorative lighting chain is not protected against moisture, yet it is recommended for outdoor use. The products do not comply with the Low Voltage Directive and the relevant European standard EN 60598.
