Product Liquid for electronic cigarettes

Name Plug 'n Vape

Brand Sedansa

Type / number of model Green Tea 16 mg
Lot production date: 25.08.2012

Batch number Unknown

Product description Liquid refill (10ml) for electronic cigarettes, contained in a plastic bottle with an orange cap. Hazard pictograms appear on the cardboard packaging and on the bottle.

Risk type Chemical

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The packaging lacks a clear reference to the presence of nicotine (1.5%) and does not contain an adequate safety label bearing risk-related indications, safety advice or a tactile danger warning. The user therefore has no information on the dangers incurred when the product comes into contact with the skin. The product does not comply with Directive 1999/45/EC relating to the classification, packaging and labelling of dangerous preparations.

Product Two-wheeled skateboard - Vigorboard

Name Unknown

Brand Unknown

Type / number of model Unknown

Batch number Unknown

Product description A two-wheeled skateboard (vigorboard), in blue colour, made of plastic and aluminium, with an anti-slip coating. It is placed inside a case made of textile material in blue colour. The vigorboard is divided into two platforms connected with an axle.

Risk type Injuries

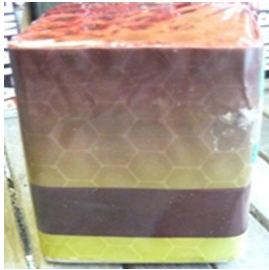

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product poses a risk of injuries because the corners and the edges of the board are not rounded and have sharp or protruding parts. The required minimum radius of the outer line of the board is not respected. The product does not comply with the relevant European standard EN 13613.

Product Bunk bed

Name Unknown

Brand Dona Lux

Type / number of model DONA LUX 2088x1005x1500mm

Batch number unknown

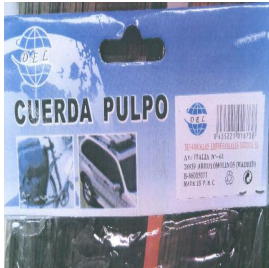

Product description Wooden bunk bed made of beech and hornbeam, with two sleeping levels. Packaging: Two cardboard boxes.

Risk type Injuries

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product poses a risk of injuries because the opening for access to the upper part of the bunk bed is wider than the standard allows, and the upper surface of the bunk bed is not equipped with safety barriers all around the bed. A child could therefore fall off the bed through the excessively wide ladder hole. Moreover, the upper part of the bed can be disconnected from the lower part. The product does not comply with the relevant European standard EN 747-2. In addition, the instructions for use and markings are not in accordance with the standard.
