Product category	Motor vehicles
Type	Consumer
Product	Passenger car
Name	Odyssey
Brand	Honda
EC-type approval/model	Type: RL3 NATO vehicles (no EC type approval number) Year of manufacture: 2007 to 2008
Production dates	Year of manufacture: 2007 to 2008
Product description	Passenger car
Risk type	Injuries
Legal provisions (at EU level) and European standards against which the product was tested and did not comply	The Vehicle Stability Assist (VSA) system may under certain circumstances build up hydraulic pressure in the braking system. When this happens, the vehicle undergoes severe and sudden braking of up to some 8 m/s <sup>2</sup> . Because there is no accompanying flash of brake lights, following vehicles may not recognise the situation until too late, or even not at all, leading to rear-end collisions.

Product Girls' dress

Name Unknown

Brand Goloxy

Type / number of model Model: MQ-624

Batch number Bar code: 7501973689788

Product description Pink, frilly summer dress for girls. The product is decorated with colourful glued plastic decorations and inscriptions: "M" and „E". The waist part of the dress includes not fixed tied belt with knotted ends. The length of the belt is 390-390 mm from the point where they are to be tied.

Risk type Choking  
Injuries

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product poses a risk of choking as the glued decorative elements of the dress can be easily detached and could be swallowed by children. Moreover, the product poses a risk of injuries as the waist part of the dress includes excessively long not fixed tied belt with knotted ends. If the ends of the belts become trapped, they could force the child to fall,

causing injuries. The product does not comply with the relevant European standard EN 14682.

Product Rechargeable torch

Name Unknown

Brand Kocmoc

Type / number of model Model: YM-009

Batch number Bar code: 6 905348 060096

Product description Rechargeable torch with 5 LEDs. The housing is made of yellow plastic. The battery can be charged via the built-in plug and the supplied plug adaptor. Packaging: colourful cardboard box.

Risk type Burns  
Electric shock  
Fire

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The built-in plug and the adapter have no insulating sleeves. When plugging into the mains, the user may touch the live pins of the plug. The plug adaptor allows single-pole insertion of a plug, leaving the remaining free live pin accessible. The lamp cover can be removed by hand during charging, leaving live parts accessible. The cross sectional area of the internal

wire cores is too small. In case of a short circuit, the internal wires may overheat. The plastic part near the pins is not sufficiently resistant to heat and fire and may therefore catch fire. The product does not comply with the Low Voltage Directive and the relevant standards EN 60598 and IEC 60884.
