Product Toy mobile phone

Name Toys

Brand Unknown

Type / number of model WH-035

Batch number 8668337390007

Product description Toy mobile phone in the shape of a yellow chicken, with a blue scarf. The product is supplied in a transparent plastic bag.

Risk type Burns  
Damage to hearing

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product poses a risk of burns because it can easily overheat as a result of a short circuit between parts of the opposite polarity. The product poses a risk of damage to hearing because the sound level is too high. In addition, the battery compartment is easily accessible and batteries could be swallowed by small children. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standards EN 62115 and EN 71-1.

Product Extension lead

Name Alargadera Macho/Hembra

Brand DEBLEX

Type / number of model H05VV-F 2\*1, 2 metres 2P 2.5 amp, ref. 325511 231112

Batch number 3142183255116

Product description Single-socket, male/female extension lead. The product is sold coiled and bears a label showing the brand name.

Risk type Electric shock  
Fire

Legal provisions (at EU level) and European standards against which the product was tested and did not comply It is possible to insert an ESC10b plug in the socket part of the extension lead. If the extension lead is used to connect a high-drain, autonomously-operating device for a long period, it may burn and start a fire. The shutters protecting the holes do not work properly and a child playing could insert metallic objects. The product does not comply with the Low Voltage Directive and the relevant standard IEC 20315.

Charger for batteries.

Risk type

Electric shock

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The product poses a risk of electric shock because: 1. In the transformer of the appliance an output wire of the primary winding is in contact with a wire of the secondary winding. 2. On the printed circuit board there is only one capacitor connected between the primary and secondary circuits. 3. In the transformer there are only two layers of tape between the primary and secondary windings. The product does not comply with the Low Voltage Directive and the relevant European standard EN 60335.

Product description Tattoo ink supplied in plastic bottle with drip and cap and an adhesive label.

Risk type Chemical

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The products pose a chemical risk because they contain aromatic amine 4-methyl-m-phenyldiamine, arsenic, lead and nickel above the permitted levels (measured values: aromatic amines 308 mg/kg; arsenic: 3.1 mg/kg; lead: 2.4 mg/kg; nickel: 19.7 mg/kg). According to the Council of Europe Resolution ResAP (2008) on requirements and criteria for the safety of tattoos and permanent make-up, the aromatic amines as 4-methyl-m-phenyldiamine with carcinogenic effects, should neither be present in tattoos and PMU products nor released from azo-colourants. According to

the ResAP (2008) the levels of lead and arsenic should not exceed 2 mg/kg, whereas the nickel levels in tattoo inks must be as low as technically achievable as nickel has a high allergenic potential.

Product Archery set

Name Shoot Set

Brand Xin Yin Dai Toys

Type / number of model Ref. 989; lot CG4484-13A

Batch number 7290005003240

Product description Set comprising a bow and arrows with suction cups. Packaging: cardboard blister pack with the reference number and 'Shoot Set' on the front.

Risk type Choking

## Injuries

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The arrows pose a risk of choking because they include suction cups which are small parts that can be detached very easily and may be swallowed by children. Moreover, the product poses a risk of injury because the kinetic energy of the arrows exceeds the permitted level. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.

Brand CODIVEN

Type / number of model MH-200

Batch number 8422893922153

Product description Steel transformable ladder with 8+8 rungs, height 177 cm, extended height 360 cm, packaging 109 x 17 x 48 cm. It is packed in plastic wrapping carrying an adhesive label with the following data: MH-200, instructions for use, a table of ladder sizes, symbols and pictograms.

Risk type Cuts  
Entrapment  
Injuries

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product poses a risk of injuries because there are slack points in the interlocking of the joint and the ladder does not have sufficient mechanical strength and can break during use. As a result, the user may fall from a height. Furthermore, the product poses a risk of cuts due to the presence of sharp

edges adjacent to its joint, posing a risk of entrapment because the rungs do not have an anti-slip surface. The product does not comply with the relevant European standard EN 131.
