Product description

Battery charger for vehicles. Sold in a grey-white-black cardboard box. Technical specifications: Input: 230V AC, 50Hz, 0.6A. Output: 12/6V DC, 1.2/2.4/4.8A. Class II

Risk type

Electric shock

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The battery charger poses a risk of electric shock because the insulation is not sufficient and the clearance /creepage distances between the primary and secondary circuits are not sufficient. The user may touch part of the product that is at high voltage, receive an electric shock and be electrocuted. The product does not comply with the Low Voltage Directive and the relevant European standard EN 60335.

WINDEL

Type / number of model

Item 10020 L: 0201808 (edible part)

Batch number

EAN 4006613000204

Product description

Singing, plush teddy bear with a red plastic nose, holding a small transparent bag filled with chocolates. (Label mentions that chocolates are best before 30.06.2014).

Risk type

**Burns
Choking**

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The plastic casing of the singing device might give way allowing access to small parts. Children may put the small parts in their mouth and swallow them, which could pose a risk of choking. In addition, the stitching of the product is not sufficiently resistant: fibrous filling material could be easily accessible and cause small children to choke if put in the mouth. A short circuit may also occur and the surfaces of the battery compartment can become too hot during use, posing a risk of burns. The product does not comply with the requirements of the Toy Safety Directive and the the Low Voltage Directive as well as with the relevant European standards EN 71-1 and EN 62115.
