Product description Tattoo needle with grip declared as sterile and for single use in medical packaging backed with plasticised card; the lot number, sterilisation process (EO gas), expiry date and brand are given on the packaging.

Risk type Microbiological

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The sterilisation of the product is deficient, consequently when the needle is injected into the skin, there is a risk that micro-organisms, including pathogens, enter the body and produce an infection. The products do not comply with the relevant national legislation.

Product Girls' bikini

Name Charol Design Collection

Brand Leonado

Type / number of model Unknown

Batch number Unknown

Product description Girls' bikini, mostly pink with green pink and white decorations, supplied without packaging. Both parts of the bikini have functional cords, the upper part has pink plastic decorations. The size of the sample is 2/3 years.

Risk type Injuries
Strangulation

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The cords to be tied in the neck and in the back area could become trapped during various activities of the children, causing strangulation or injuries. The product does not comply with the relevant European standard EN 14682.

Product Plug adaptor

Name Universal Adaptor

Brand ADELEQ

Type / number of model 15-97

Batch number TNAA1013; 5 205014 003756

Product description Plug adaptor with white plastic casing. Can be used to connect many different plug types to a power socket-outlet. Technical parameters: 10/16A250V. Packaging: blister.

Risk type Electric shock

Legal provisions (at EU level) and European standards against which the product was tested and did not comply Due to the design of the plug adaptor, single-pole insertion of a plug is possible, leaving the remaining live pin of the plug accessible. It is possible to connect Class I protection devices but there is no earth connection. The product does not comply with the relevant standard IEC 60884.

Product description

Night light with an integrated mains plug and a power switch. Packed in a transparent plastic blister.

Risk type

Electric shock

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The light shade and the bulb can be removed by hand when the night light is plugged into a mains socket outlet. As a result, live parts can be touched during bulb replacement. The material of the lamp is not resistant to heat and may deform. As a result, the user may have direct access to live parts. The product does not comply with the requirements of the Low Voltage Directive and the relevant standard EN 60598.

Product Toy pushchair

Name Doll Stroller

Brand KAI YUAN DA TOYS

Type / number of model REF:17338

Batch number 5901680173389

Product description Pink toy pushchair for dolls with pink printed textile seat. The frame of the pushchair is made of metal and plastic parts. The product is packaged in a plastic bag with an attached sticker.

Risk type Injuries

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The pushchair collapses easily when pressure is applied to the seat, with consequent risk of injury due to entrapment, mainly of fingers, between moving parts. The free pipe ends of the pushchair frame have abrasive edges which could cause injuries. The product does not comply with the requirements of the Toy Safety Directive and the relevant European Standard EN 71-1.
