Type Consumer

Product Motorcycles

Name LXR200

Brand Peugeot

EC-type approval/model Type: LH18WX; EC-Type approval: e4\*2002/24\*2149\*00

Production dates The notification concerns motorcycles manufactured in 2012 and 2013.

Product description Motorcycle

Risk type Injuries

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The piston pins in the motorcycles concerned may break, resulting in the engine suddenly cutting out. There is a risk of the rider falling from the motorcycle.

Product Plastic toy

Name Unknown

Brand Eurojuguetes

Type / number of model Ref. 03350

Batch number 8430373033503

**Product description** Plastic toy in the form of a bird coming out of a shell. The upper part is blue and has small rubber strips representing feathers. The toy has bulging eyes and a little beak. The lower part is white, representing a hatched egg, and the bird has two orange legs. The product has a light inside.

Risk type Choking

**Legal provisions (at EU level) and European standards against which the product was tested and did not comply** The toy can break easily making the small ball inside become accessible. Furthermore, the bird's legs may easily detach, generating small parts. A small child could put them in the mouth and choke on them. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.

Product Whistle and rattle

Name Toys

Brand Bullycan

Type / number of model Lot. 1212-9001397  
Ref. 1023-5 Production date: 14/01/2013.

Batch number 8413419897185

Product description A plastic rattle with a red whistle and ball at the top. The ball is hollow, and serves as a rattle because it has a bell inside which rings when the child shakes the toy. The lower part is in the shape of a hand which divides into three parts: one yellow, one red and another green. There is a stick

Risk type Choking

Legal provisions (at EU level) and European standards against which the product was tested and did not comply A small yellow plastic part in the centre of the rattle may easily detach from the toy, and the ball may also break generating small parts which, if swallowed by small children, could cause choking. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.

Product description Mobile phone supplied with a charger in a box. Charger input:100-240v- 50Hz, Output 5v.

Risk type Electric shock

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The distance between the primary and secondary coils of the transformer in the charger are too small. This could result in the USB outlet of the charger becoming live at mains voltage. The product does not comply with the requirements of the Low Voltage Directive and the relevant European standard EN 60950.

Brand Fashion Design/YBL Modeaccessoarer

Type / number of model 5256/Col J82 51399110

Batch number EAN: 82036000124

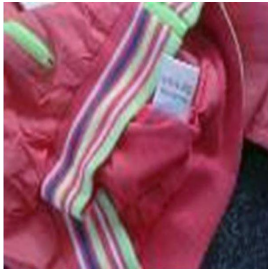

Product description Necklace with black pearls. A black label is attached with the words "WJ Fashion Design" printed in gold.

Risk type Chemical

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product contains an excessive quantity of nickel (measured value: up to 3,91%  $\mu\text{g}/\text{cm}^2/\text{week}$ ). Nickel is a strong sensitizer and can cause allergic reactions if present in articles that come into direct and prolonged contact with the skin. Furthermore, the metal on the square pearls contains cadmium and lead (measured values up to 13% and 6.5 % ). Cadmium and lead are harmful if in contact with the skin. The product does not comply with the REACH Regulation.

Product Rechargeable torch

Name 2 in 1 Stand-by Light

Brand 222

Type / number of model Unknown

Batch number Unknown

Product description Rechargeable LED torch. The housing is made of white plastic, with a black operating button and a red charge indicator LED . The battery can be charged via a built-in mains cable which is placed in a storage compartment. Packaging: colourful cardboard box.

Risk type Electric shock  
Fire

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The cross-sectional area of the cores in the mains supply cord is not sufficient. In case of a short circuit, the wires may overheat and could cause a fire. Live parts are accessible in the storage compartment of the mains cable during charging. The mains cable is not adequately protected against pulling and twisting which could lead to live parts of the cable

becoming accessible. The product does not comply with the requirements of the Low Voltage Directive and the relevant European standard EN 60598.

Product description Black metal floodlight with free wire ends for mains connection. Packaging: cardboard box.

Risk type Electric shock

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The wire ends are not adequately protected against pulling and twisting and could detach. The user could consequently touch the live wire ends. The PVC cable does not protect properly against the penetration of water. The product does not comply with the requirements of the Low Voltage Directive and the relevant European standard EN 60598.

Product Plastic swing

Name Gugalnica 3 v 1 (Swing 3 in 1)

Brand Unknown

Type / number of model Art.8886

Batch number 3830032058222

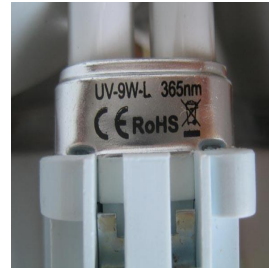

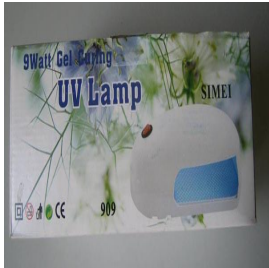

Product description Red, blue and yellow 3 in 1 plastic swing with safety belt. The seat is equipped with single-knotted ropes. Packaging: cardboard box.

Risk type Choking  
Injuries

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The buckle of the safety belt can be easily pulled off. The detached element is a small part that could be placed in the mouth by the child, swallowed or inhaled, causing choking. The product also poses a risk of injuries because the swing seat is attached to the means of suspension only with knots, which may easily loosen and the swing could fall down. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-8.

Brand NABA / SIMEI

Type / number of model 909 (on the packaging), NA661001 (on the label)

Batch number 5 998603 363330

Product description Mains-operated UV lamp for curing nails. Packaging: colourful cardboard box.

Risk type Electric shock

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The accessible metal parts of the UV lamp head are separated with only basic insulation from the live parts. In the event of failure of the insulation, this could lead to accessible parts becoming live. The product does not comply with the requirements of the Low Voltage Directive and the relevant European standards EN 60335 and EN 61199.

Product Toy pushchair with doll

Name Beautiful Girl

Brand Unknown

Type / number of model NO 38317B

Batch number Unknown

Product description Pink, foldable toy pushchair with a doll dressed in a blue outfit. The packaging is a transparent bag with a cardboard label with the words "Children of love most!".

Risk type Injuries

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The safety lock and the frame are not sufficiently resistant to load and can easily release and break respectively, causing the pushchair to collapse. This may cause injuries to children, mainly due to entrapment of fingers between moving parts. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.
